- Students must take an online test to evaluate their English language level.

Program Cost

- \$1,845 (U.S.) This includes tuition, textbooks, insurance, meals, and scheduled activities. Cost does not include travel and personal expenses.

ABOUT JCC AND THE AREA:

Jamestown Community College, founded in 1950 as a predominantly transfer, liberal arts oriented institution, was among the first community colleges within the State University of New York (SUNY) system. The campus is located on a 107-acre site in Jamestown, New York, which is located 80 miles south of Buffalo, NY. Jamestown, located in Chautauqua County, borders picturesque Chautauqua Lake and Lake Erie and is a tourist destination for all seasons. During the summer months the area is bustling with activity and features several points of interest including the famous Chautauqua Institution, Roger Tory Peterson Institute and the Lucille Ball-Desi Arnaz Center. The museums, resort centers and wineries, as well as events and festivals every weekend, make this a desirable, culturally rich destination. Major cities such as Niagara Falls, Rochester, Pittsburgh, Cleveland, and Toronto are located within less than a three-hour drive and accessible by public transportation.

This course is for you if:

- You want to improve your English language skills for personal or business reasons
- You are coming to the US to study at a university/college and want to improve your English language skills
- You want to experience American culture and practice English language skills

Advantages:

- You will receive a Certificate of Completion at the end of the course
- You will NOT be required to take the TOEFL
- You will learn from a qualified ESL professor experienced in teaching international students
- You will live in a culturally rich and safe community
