JCC Online Programs

JCC, in cooperation with the State University of New York (SUNY) Learning Network, offers the following degrees and certificates online. If you would like to enroll in an online program, contact JCC's admissions office, 1.800.388.8557, ext. 1001, or admissions@mail.sunyjcc.edu.

A.A.S. Business-Business Administration	A.A., A.S., or A.A.S. Individual Studies
A.S. Computer Science	Certificate in Information Technology
A.A.S. Computer Information Systems	Certificate in Individual Studies
A.A.S. Information Technology	

Points to Consider when Choosing an Online Course

- You must have a reliable Internet connection and a valid email address. High speed access is highly preferred, but it is not required.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased from the college bookstore (1.800.388.8557, ext. 1186). Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.
