

Articulation Agreement between

JAMESTOWN COMMUNITY COLLEGE

and

ALFRED STATE COLLEGE

Health Information Technology
Associate in Applied Science (AAS)

Based on our mutual concern for providing students with the opportunity to receive a quality education in their chosen field that might otherwise be unavailable to them, Jamestown Community College (JCC) and Alfred State College (ASC) subscribe to the following memorandum of understanding.

Following detailed discussion and exchange of information between personnel representing each institution, it was concluded that there is sufficient similarity between courses required in the AAS Health Information Technology (HIT) curriculum at ASC and the courses offered at JCC that a one-plus-one agreement can be established. Students can complete one year of study at JCC and subsequently transfer full credit to ASC, said credit being fully applicable to the AAS HIT program subject to the guidelines listed below.

- Transferable courses:

<u>JCC Courses</u>		<u>Credits</u>	<u>ASC Courses</u>		<u>Credits</u>

- Time to Complete Degree:

The curriculum offered at ASC normally requires four semesters of study plus one summer session. Acceptance of 31-34 credits from the courses listed above requires 33-36 credits to be completed at ASC. These remaining credits and the course offerings at ASC permit a transferring student to fulfill the curriculum requirements with two additional semesters (27-30 credits) plus one summer session (6 credits) at ASC if courses are completed satisfactorily. However, due to the large number of credits to be completed at ASC, students transferring with a grade point average of less than 3.00 may require three semesters and one summer at ASC.

- Grade Point Average:

With a minimum cumulative grade point average of 2.0 and a minimum grade of C in all transferable courses which total 31 credits at JCC, the student is guaranteed acceptance into the AAS HIT program at ASC.

- Practical Experience:

Students who transfer from JCC will receive 200 hours of practical experience in a hospital/healthcare setting while a student at ASC.
