

# Winter Weather Parking Regulations

During inclement weather, especially after heavy snowfall, parking conditions become hazardous and snow banks often reduce the number of parking spaces that are available. When these conditions exist, motorists will be advised through postings and verbal communication to follow the Winter Parking Regulations.

Although the Winter Parking Regulations apply mostly to those students who reside on campus, please be advised that all motorists are responsible for knowing these regulations, should they be on campus during that time. Cars that are not moved will be ticketed. Vehicles should be returned to their respective lots by the time listed below so they are not in the way of further snow removal.

Important Note: Motorists leaving their vehicles overnight during the Winter Parking Ban and anticipate being away from campus should make arrangements with friends, roommates etc. to move their vehicles during snow removal operations. Being away from campus will not exempt you from being ticketed.

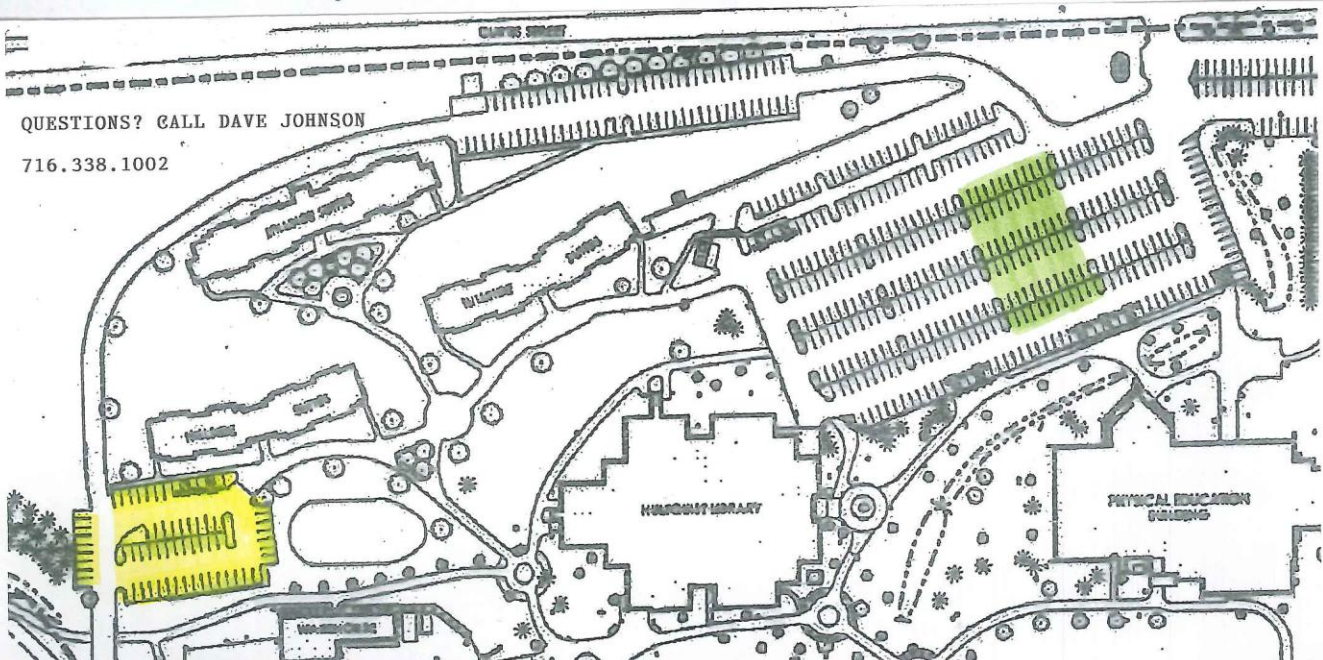

Quick Overview:

## South Parking Lot (located in front of the Hillside Suites South Building):
