INSTITUTIONAL COURSE SYLLABUS

Course Title: Studio Problems - Ceramics

Course Abbreviation and Number: ART 2610

Credit Hours: Variable

Course Type: Lecture/Lab

Course Description: Students will build upon previous studio course experiences in advanced studio production courses under art faculty supervision. Students who have completed the basic and intermediate (as applicable) courses in drawing, ceramics, photography, electronic arts, design or painting, may register for one, two, or three hours of credit per semester in a studio course in that medium. Students are expected to spend two hours in studio work each week for each credit hour anticipated. Studio problem courses are student initiated with each student, together with the faculty member, creating an acceptable course outline and evaluation process for the work of the semester. In some cases, a group studio problem experience may be initiated by visual arts faculty. Students achieving 12 credit hours in art studio problems must obtain permission from the arts and humanities dean to take additional coursework (for credit) in art.

Prerequisite: permission of instructor required.
