

ARTICULATION AGREEMENT
in
BUSINESS ADMINISTRATION
between
EDINBORO UNIVERSITY
and
JAMESTOWN COMMUNITY COLLEGE

This agreement, made on this date, _____, provides a means by which graduates of the **Associate in Science (A.S.) Business: Business Administration, Associate in Applied Science (A.A.S.) Business: Business Administration, and A.A.S. Business: Accounting degree programs** at Jamestown Community College (hereafter “JCC”) can transfer with full junior standing into the **Bachelor of Science (B.S.) Business Administration degree program** at Edinboro University (hereafter “EU”). The B.S. Business Administration degree program concentrations at EU are in Accounting, Comprehensive Business Administration, Finance, Accounting-Forensic Accounting & Fraud Examination, International Business, Marketing, and Personal Financial Planning.

I. Principles of Agreement

1. Admission Process.

- a. Intent to Enroll.** At least six months prior to matriculation at EU, the student confirms the intent to enroll by completing the admissions application. All students will follow established guidelines stated in the current EU college catalog for general admission to EU. EU will acknowledge the student’s intent to enroll, and the student will submit appropriate advance deposits that will be credited towards the first semester fees.
- b. Acceptance into the Business Administration Program.** JCC students who have completed the A.S. Business: Business Administration, A.A.S. Business: Business Administration, or A.A.S. Business: Accounting degree program with a minimum cumulative JCC Grade Point Average (GPA) of 2.25 and a minimum combined JCC GPA of 2.25 in Business Foundation courses (see Exhibit A) will be admitted into EU and accepted into the B.S. Business Administration degree program and the concentration of their choice.
- c. Student Transcript.** The student must forward an official final JCC transcript verifying receipt of the associate degree prior to registering at EU. Official transcripts from all other colleges and universities attended must also be provided. Costs associated with these transcripts will be paid by the student.

- 2. Specific Provisions of the Articulation Agreement.** To receive transfer credits and have them posted on an EU college transcript, **the student must apply** and be admitted to EU **within three years of completing their program at JCC**. Credits for students graduating from JCC more than three years before their admission to EU will be reviewed by the Business & Economics department.

- 3. Transfer of Credits and B.S. Business Administration Degree Completion.** Depending on the concentration, students can transfer up to 90 of the 120 semester hours required for the B.S. Business Administration degree (see Exhibit A) from JCC. Students must complete a minimum of 30 credits at EU to earn an EU degree. EU School of Business Graduation Residency Requirements state 30 of the last 60 credits

and 50 percent of the major requirements must be EU coursework as part of the 120 credit bachelor's degree requirements. In addition, at least 42 semester hours must consist of advanced coursework (300 level or higher). Completion of the B.S. Business Administration degree may require more than four semesters at EU, depending on the courses transferred in, the concentration selected, and the mode of delivery for the EU coursework (i.e. on-campus vs. online). Students should contact the EU Business and Economics Department for more details about time to completion and about the variety of day, evening, and online courses that are offered. When offered, most upper-level (310 and above) department courses are offered only once a year, in either the fall semester or the spring semester.

- 3. Academic Policies and Requirements.** The specific academic policies and degree requirements for the EU B.S. Business Administration degree will be those in effect at the time of the student's admission into the program. Grades below "C" will be reviewed for transfer students in the same manner as for native EU students.
