- Students participating in drop/add procedures during the first week of classes will not be assessed charges for dropped classes required for course schedule changes.
- Students who wish to withdraw from any or all of their classes are advised to file their course withdrawals promptly with the Student Services Center on the Cattaraugus County Campus, the registrar on the Jamestown Campus, or the main office at the North County Center. Students should consult with the financial aid and business offices *before* they stop attending classes.
- All refunds are based on the date withdrawal forms are completed and filed with the registrar's office. Exceptions to this policy will be considered under extenuating circumstances.
- Students who receive Title IV aid (Pell, SEOG, Direct loans) and withdraw from all classes may have their awards reduced and will be responsible to repay any aid disbursed that they are subsequently ineligible to receive. Refunds are paid in the following order: Federal Direct Loans (subsidized and unsubsidized), PLUS Loans, Pell, SEOG Grants, required refunds of other federal, state, private, or institutional assistance, to the student.
- International students will be charged a fee to ensure they have appropriate health insurance coverage, which includes repatriation. This charge can be removed if the student completes the proof of health insurance waiver process.

CERTIFICATE OF RESIDENCE

To be eligible for New York state tuition rates, students must submit a certificate of residence issued by the county in which they reside no earlier than 60 days prior or 30 days after the start of class(es). Without a certificate of residence, the out-of-state tuition rate will be charged. The certificate of residence form and instructions are available at <http://www.sunyjc.edu/current-students/business-office/certificate-of-residence>.

PAYMENT PROCESS FOR ALL STUDENTS

After you have registered for your classes, please visit <https://banner.sunyjc.edu>. You must first complete your financial responsibility agreement before you will be able to view your current semester charges. You are responsible for accessing your bill which is available on demand via Banner self-service account. **JCC will not mail you a schedule bill.** If you:

- Expect financial aid funds that you are eligible to receive, they will be applied to your student account after registration.
- Need to pay your bill:
 - You may pay for classes by check or money order at any of the business offices. To pay using a bank account or a credit/debit card, or sign up for the payment plan go online to <https://banner.sunyjc.edu>. Payment must be received by August 20, 2021.
 - If payment is not received, your account will be placed on hold and assessed a late fee.

MAINTAINING ELIGIBILITY FOR FINANCIAL AID

Students enrolled at JCC are eligible to participate in a wide range of federal, state and institutional grants, scholarships, loans, and work-study programs. Students must be accepted and matriculated by the JCC admissions office and meet academic eligibility criteria to receive awarded funds. Start the application process for all sources of aid by filing the 2021-2022 Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov.

For more information on federal and state financial aid resources, visit the websites for the U.S. Department of Education, Federal Student Aid at www.studentaid.ed.gov, New York State Higher Education Services at www.hesc.ny.gov, and Pennsylvania Higher Education Assistance Agency at www.pheaa.org. In addition to meeting financial and academic eligibility requirements, students must meet federal and state citizenship and residency requirements and must not be in default of a federal student loan or owe a repayment of other federal student aid to receive awarded funds.

Students are encouraged to apply for funds from outside sources as well, such as private grants and scholarships, employee reimbursement plans, state vocational rehabilitation programs, Native American aid, veteran's benefits, and workforce development and re-training programs. Learn more about financial aid opportunities at JCC at www.sunyjc.edu/admissions/financial-aid.

ADVISEMENT/REGISTRATION

REGISTRATION PROCEDURES

Full- and part-time students can register for any campus-based course prior to the second scheduled class meeting and any online course prior to the end of drop/add week.

Currently Enrolled Full-Time Students: Student advisement and registration concludes August 20. Schedule changes are processed during the drop/add period, August 23-27. Students can print a copy of their schedule by signing into Banner at <https://banner.sunyjc.edu>, or by visiting the Student Services Center on the Cattaraugus County Campus, the registrar's office on the Jamestown Campus, or the main office on the North County Center.

New Students and Readmissions: Apply for entrance to the college through the admissions office or at www.sunyjc.edu. Click on the admissions link. The admissions office will inform you about advisement and registration procedures.

Part-Time Students: Part-time students with 30 or more degree hours are encouraged to seek advisement from a full-time faculty member or counselor. Part-time students must follow the placement test policy. If you are a current JCC student and wish to register as a part-time student, please note that you can register through Self-Service Banner. If you are a visiting student, you can register part-time, prior to the second class meeting, by completing the Fall 2021 Registration form, available on the Registrar's webpage at sunyjc.edu.

Financial Responsibility Agreement (FRA)

Registering for classes creates a financial obligation to the college. Registered students are required to complete a financial responsibility agreement (FRA) by August 9, 2021 to submit the complete agreement will result in the student being dropped from all registered classes. The FRA may be completed by logging in to self-service Banner and viewing the bill.

Mail-in and Online Registration

Students registering by mail or online (<https://banner.sunyjc.edu>) may access their bill online immediately after registration. To ensure class registration is not cancelled, each student must complete the financial responsibility agreement by August 9, 2021. Student bills may be paid online in full or in installments at <http://mycollegepaymentplan.com/Jamestown>. Each student bill is due on August 20, 2021. After August 20, 2021, payment is due upon registration. If payment is not received, your account will be placed on hold and assessed a late fee.

Continuing part-time students can register through their self-service Banner (SSB) account. Full-time students can make changes to their schedule through SSB by using their alternative PIN, obtained during advisement.

Adding a Course: Students who wish to add courses must do so prior to the second scheduled class meeting for campus-based courses and prior to the end of drop/add week for online courses. Any additions after these dates require the instructor's permission. Permission cards are available at the registrar's office on the Jamestown Campus, the Student Services Center on the Cattaraugus County Campus, and the main office of the North County Center. Permission for online course additions may be obtained via email and sent to Registrar@mail.sunyjc.edu.

Withdrawing From a Course(s): Visit <https://www.sunyjc.edu/programs/academic-resources> for semester specific withdrawal deadlines. Students must discuss withdrawing from a course with their instructor and advisor, then complete the Individual Course Withdrawal Form. If you begin the semester and then decide that you must withdraw from all courses, you must complete a Total Withdrawal Form. Both forms are available on the Registrar's Webpage at sunyjc.edu. **Please refer to withdrawal dates and liability on page 4. Withdrawals beginning August 23 will result in liability of your tuition and fees.**

ADVISEMENT NOTES

- Full-time students are required to see their advisors to review their academic progress and to discuss courses for the upcoming semester. Part-time students are also strongly urged to seek advisement.
- When you meet with your advisor, review your educational-vocational plans and academic progress. Discuss degree and graduation requirements. It is ultimately the student's responsibility to learn and know the graduation and program requirements for the degree being sought and to monitor progress toward fulfilling those requirements.
- Access your student transcript at <https://banner.sunyjc.edu>. Use the college catalog and DegreeWorks Evaluation to identify program requirements. Prepare a tentative course schedule prior to your advisement session.
- If you are changing your program of study, catalog term, and/or your advisor, you must complete a change form. Advisor/Program change forms are available online at www.sunyjc.edu/advisement and in the Student Records menu of your Banner account.
- Students with financial obligations to the college may be denied registration for additional credit and non-credit courses until satisfactory arrangements are made. Students should review their accounts with the financial aid or business offices before scheduling advisement appointments.
- Students are responsible for making sure their course selection meets financial aid guidelines.

PLACEMENT TEST INFORMATION

Math and English placement is based on high school GPA and additional success indicators. This helps determine the courses in which the student is best prepared to begin. Students without a GPA through the junior year of high school will take a computer-based math and reading test. Students wishing to challenge their English or math placement may choose to take the English and/or math placement test.

If you have a disability and require accommodated testing, contact the Accessibility Support Services coordinator at each site.

To register for a placement test and/or to see a list of exemptions, go to www.sunyjc.edu/placementtesting or call:

Cattaraugus County Campus: 716.376.7508

Jamestown Campus: 716.338.1065

North County Center: 716.363.6500

ACADEMIC INFORMATION

Additional Grades: Consult the college catalog for details about the incomplete (I), credit (CR), audit (AU), special audit (SA, SW, SX), official withdrawal (W), and administrative withdrawal (X) grades.

Imputed Credit: The faculty and administration have determined that some courses listed in this master schedule may not be counted toward degree programs offered by the college. These are courses which are not at the college level, but are designed as remedial courses for students who need to prepare themselves for college-level work. Eligible students enrolled in courses carrying imputed credit may receive financial aid.

Attendance: Every student is expected to attend all lecture and laboratory sessions for which he or she is registered. Absences will be recorded by instructors, and the student will be held responsible for making up all work missed. Attendance requirements for each course are established by the instructor and announced, published, and distributed with the course outline at the first class meeting.

Participation in Online Courses: Online students must begin their course the week it is scheduled to begin. Students are expected to log in to their course three-four times per week. Participation requirements are set by the instructor and published in course information documents. More information is available at www.sunyjcc.edu/academics/online-learning.

Retention and Graduation Rates: A study of the 752 students who enrolled as first-time full-time students at JCC in fall 2017 indicated that 38% had graduated by the beginning of the fall 2020 semester. An additional 14% had transferred to other colleges prior to graduation and 4% were still enrolled. A recent survey of 2019 graduates indicated that 40% of those responding had transferred to four-year colleges or universities and 51% were employed full time. (Sources: Materials from Jamestown Community College Office of Institutional Research and the 2018-2019 graduate follow-up survey). It should be noted that some students "stop out" for a semester or two due to family, work, or financial considerations, but eventually return to complete their educational programs. Some students leave college before receiving their degrees because they have obtained the necessary skills for employment or have otherwise met their educational goals by attending JCC. Additional information about JCC graduates is available at <http://www.sunyjcc.edu/about/facts-figures>.

COURSE REQUIREMENTS

Students who have completed pre-/corequisites with a passing grade at another institution must provide a copy of their unofficial transcript at the time of registration. Terms used in course requirement information in the master schedule:

- **PREREQUISITE:** A course or other requirement that must be completed prior to enrolling in another course.
- **COREQUISITE:** A course or other requirement that must be completed during the same semester as another course.
- **ELIGIBILITY:** Refers to an academic readiness to take certain courses through successful completion of previous coursework or placement testing.
- **PERMISSION OF INSTRUCTOR:** A course with this notation requires the student to meet with the instructor to receive permission to take the course.

WAIVER OF PRE-/COREQUISITES: If a student feels qualified to take a course for which he or she does not appear to have the formal prerequisite background, the student should contact the instructor of the course. If, in the estimation of the instructor, the student meets the prerequisites in some other way, the instructor may sign an instructor's permission card which the student can then present to the Registrar's Office on the Jamestown Campus, the Counseling and Career Planning Center on the Cattaraugus County Campus, or the Main Office on the Dunkirk Campus. In the absence of the instructor, the waiver may be signed by the discipline coordinator/director, or dean. Students cannot register for courses for which they do not have a pre/corequisite or a signed waiver form.

SPECIAL STATEMENT REGARDING SEQUENTIAL COURSEWORK: In the case of sequential coursework (i.e. math and English) where the student's entry point may be determined by way of a placement procedure or successful completion of other coursework in the sequence, a student will have met a prerequisite or corequisite for a course in the sequence if they are eligible to register for a higher level course for which the current course is a prerequisite. That is, if a student is eligible to take course C in a sequence (where course A is a prerequisite for course B, and course B is a prerequisite for course C), the student has met pre- or corequisites for both course A and course B.

COURSE SCHEDULE TERMINOLOGY

BLDG	Building in which course meets	INSTRUCTOR(S)	Name of instructor
CMP	Campus location	RM	Room in which course meets
CRSE	Catalog number: numerical classifications for course areas	SBJ	Abbreviation of the name of the academic discipline
CR	Credit hours	TP	Type of course

JCC SCHEDULE MODE DEFINITIONS

Note - FLEX Courses (F01, F02, and F03) are noted with an "F" in the instructional Mode. FLEX courses may provide students with the opportunity to meet in person on the campus listed on the synchronous days and times already scheduled, if conditions allow.

Asynchronous (at times you choose)

- **Asynchronous Online** - Classes are completed via Blackboard, the college's web-based learning management system, from any location that has internet access at times that you set for yourself. Students are expected to complete assignments by deadlines set by the instructor. You must be able to access the internet through a device equipped with speakers. (002)
Instructional Mode
 - 002 – Asynchronous Online
 - F02 – FLEX Asynchronous Online with the opportunity to meet in person on the campus and times listed, if condition allow.

Synchronous (live instruction)

- **Synchronous Online (Zoom)** – Classes are completed live using Zoom or a similar web-based interactive video platform from any location that has internet access in real time according to a pre-set schedule. You must access the internet through a device that has both a camera and speakers. Specific meeting times for synchronous portions of classes are listed with each course. (001 & F01)
Instructional Modes
 - 001 – Synchronous Online (Zoom)
 - F01 – FLEX Synchronous Online (Zoom) with the opportunity to meet in person on the campus listed, if conditions allow.
- **In person** - Classes meet in person on the campus listed or other approved location. (000)
Instructional Modes
 - 000 – In person

Asynchronous/Synchronous (Hybrid) – Instruction offered partially asynchronously online and partially synchronously online or in-person.

- **Hybrid: asynchronous online & synchronous Zoom** – Class requires both asynchronous online learning and synchronous online meetings via Zoom or other resource. Specific meeting times for synchronous portions of classes are listed with each course. (003) & (F03)
Instructional Modes
 - 003 – Hybrid – asynch online & sync zoom
 - F03 – FLEX Hybrid – asynch online & sync zoom with the opportunity to meet in-person on the campus listed, if conditions allow.
- **Hybrid: asynchronous online & in person** – Class requires both asynchronous online learning and in person meetings. Specific meeting times and locations for in person portions of classes are listed with each course. (004)
Instructional Modes
 - 004 – Hybrid – asynch online & in person
- **Hybrid: synchronous Zoom & in person** – Class requires both synchronous online meetings via zoom and in person meetings. Specific meeting times and locations are listed with each course. (005)
Instructional Modes
 - 005 – Hybrid – synch Zoom & in person

ONLINE COURSES

As noted above, JCC offers online courses in asynchronous, synchronous, and hybrid modes. Familiarize yourself with the mode options or consult your advisor prior to selecting courses.

BEFORE CHOOSING AN ONLINE COURSE

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly recommended, but not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

HOW DOES ASYNCHRONOUS ONLINE LEARNING WORK?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased from the college store web store: <https://sunyjcc.bnccollege.com> at least one week prior to class start date. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

Asynchronous online courses are offered on Blackboard, JCC's learning management system.

1. Access your courses by selecting the My JCC link at www.sunyjcc.edu
2. Select courses – Blackboard
3. Follow the login directions
4. Complete the Student Orientation found under the Home tab; then click on the Orientation tab
5. On the Home tab, select your course from the My Courses module

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course.

If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at jcchelpdesk@mail.sunyjcc.edu or 1.800.388.8557, ext. 1122. **It is your responsibility to start class on time.**

You have a JCC email account for official college communications. Access it at <http://www.sunyjcc.edu/myjcc> and select Google Account/Email.

SUNY GENERAL EDUCATION REQUIREMENTS

WHAT ARE THEY?

The SUNY General Education Requirement (SUNY GER) is the 30-credit requirement for all SUNY baccalaureate, A.A., and A.S. degree recipients, which supports academic excellence as well as student choice, mobility and degree attainment by expecting students to demonstrate achievement of SUNY-wide learning outcomes.

Students matriculating in fall 2015 or after and who graduate with an A.A. or A.S. degree **must** complete 30 credits of SUNY General Education courses that are distributed among at least seven of the 10 SUNY content categories. Mathematics and Basic Communication must be among the seven categories. (Students matriculating into the A.S. Engineering Science degree must complete 30 credits of SUNY General Education courses that are distributed among at least **five** of the 10 SUNY content categories.)

Students matriculating between fall 2010 and spring 2015 were encouraged to complete 30 credits of SUNY GER courses in at least seven of the 10 SUNY content categories, but were not required to do so.

HOW CAN I BE SURE IF MY COURSES ARE GOING TO MEET THE SUNY GENERAL EDUCATION REQUIREMENTS?

Use the checklist to identify JCC courses that meet requirements for each of the General Education categories. Meet with your advisor or a counselor to review these courses as they apply to the SUNY General Education Requirements.

ST. BONAVENTURE UNIVERSITY GENERAL EDUCATION CURRICULUM

JCC Courses that fulfill General Education requirements at St. Bonaventure University

Students interested in transferring to St. Bonaventure University should note the following General Education Curriculum courses, which are required for every St. Bonaventure bachelor's degree and can be satisfied in most cases by earning a JCC degree or taking JCC courses. Any student who earns an Associate in Arts or Associate in Science degree from JCC will be considered to have satisfied the following course requirements of the General Education Curriculum: SBU 101

Community of Learners, SBU 102 An Introduction to Contemporary Diversity, ENG 101 Writing I, and ENG 102 Writing II. They will also be considered to have satisfied these required Distributions: Diversity, Franciscan Studies/Theology, Historical Studies, Intensive Writing, Literature & Performing Arts, Natural Science with a lab, Philosophy, Quantitative Literacy, Social Sciences, and Technology. In addition, transfer credit for these individual General Education Curriculum requirements at St. Bonaventure will be granted as follows for these individual JCC courses:

- ENG 101 Writing I and ENG 102 Writing II: ENG 1510 English Composition I and ENG 1530 English Composition II respectively.
- FS/THEO 101 The Way of Francis and Clare: no equivalent JCC course
- PHL 104 Introduction to Ethics: BIO/PHL 2570, CRI 2550, PHL 2610, PHL 2630, PHL 2720
- Diversity Distribution: ANT 1510, ANT 1520, ANT 2510, ANT 2520, ANT 2540, POL 1520, POL 2860
- Franciscan Studies/Theology Distribution: ANT 1530, ANT/HIS/REL 2570, ENG 2850, PHL 2550, REL 1510, REL 1520, REL 1530, REL 2570
- Historical Studies Distribution: any 3-credit world or American history course
- Literature and Performing Arts Distribution: ENG 1540, ENG 2510, ENG 2520, ENG 2550, ENG 2560, ENG 2610, ENG 2620, ENG 2650, ENG 2830, INT 1750, any 3-credit course in ART, DAN, MUS, or THE
- Natural Science with a lab Distribution: any 4-credit course in BIO, CHE, GLG, or PHY
- Philosophy Distribution: any 3-credit PHL course
- Social Sciences Distribution: any 3-credit course in ECO, POL, PSY, or SOC
- Quantitative Literacy Distribution: MAE 2510, any 3-credit or 4-credit college-level MAT course

Attention Full-time JCC Students: A special agreement allows students registered for 12 or more JCC credits to take one additional course free of charge at St. Bonaventure each semester on a space available basis provided the same course is not being offered at JCC's Cattaraugus County Campus. Students are responsible for any lab fees associated with the courses and should note that St. Bonaventure's semester calendar may vary from that of JCC. To explore St. Bonaventure's offerings, visit www.sbu.edu. Contact your advisor or JCC's Counseling and Career Center for additional information.

HONORS PROGRAM

JCC's Honors Program provides challenging curriculum, supportive services, and special enrichment opportunities for highly motivated students who have demonstrated their academic ability. Honors students enroll in special honors-designated courses, engage in co-curricular activities, and complete projects that synthesize academic and real-world experiences. Students who complete the honors program requirements receive an honors citation on their transcripts along with other special graduation recognition and student privileges.

Honors courses are developed by faculty who are dedicated to providing additional rigor and support for honors students. The courses must have the following attributes: a focus on greater depth and breadth of subject matter; an interdisciplinary approach; strong attention to writing and critical thinking; and a strong focus on values and ethics.

New students with a 90% high school average who are eligible for MAT 1540 are eligible for the Honors Program. Returning students who are eligible to take a college-level English without support courses and MAT 1540 and have a GPA of 3.5 or better after 12 credit hours are honors eligible.

To earn JCC's honors citation students must successfully complete a three-credit hour **honors symposium course** as well as two one-credit hour honors project courses. The symposium course allows students to approach a global topic from diverse perspectives. The fall 2020 symposium course is:

3812 ANT 7515 3 Waste & Want - Global Food System Bessette, S 8/23 12/17 Asynchronous Online

Course Description:

Students will understand how food is one of our most basic needs, but also how food is manipulated and controlled. Few of us think about how food is produced, where in the world it comes from, or how it must travel to get to us. This course helps students understand social, political and economic processes such as colonization, industrialization, and corporatization, and how they laid the foundation for the current global food system. Students will also engage with ongoing, contemporary concerns such as the relationship between agriculture and the environment, food waste, labor practices, food aid, and how race, class, gender, and nationality impact our experience of food systems. Throughout the course, we'll look at how people resist and reshape food systems, and how we can find alternatives that do more to protect people and the environment.

Honors students are required to successfully complete two one-credit, **project-based honors courses** which are related to courses in which they are currently enrolled or have recently completed. Each project must include some form of applied learning: fieldwork, internship, service learning, innovative/ creative project, and/or undergraduate research. After registering, you will be guided by the honors program coordinator and your advisor to identify a course to which to link the project. Students then work directly with faculty members to design projects that fit their interests and goals. Visit www.sunyjcc.edu/programs/honors/courses for project requirements and ideas.

COURSE REGISTRATION PROCESS

Whether you're pursuing a degree or certificate program, or just taking a class or two, the staff and faculty at JCC are committed to helping you with your journey. Please select one of the following options:

- [Apply to JCC as a new student](#): If you're interested in earning a degree or certificate at JCC, learn more about the application process and any special steps. An advisor will help you register for classes once you're accepted.
- [Register for courses as a current student](#): If you're a current student at JCC and ready to register for courses, contact your advisor or the Counseling and Career Center.
- [Register for an individual course \(without pursuing a program\)](#): If you're interested in taking a course or two (without earning a degree or certificate), and you're not a current JCC student, complete the registration forms for fall 2021, located under Forms on [the Registrar's Office webpage](#). **Please note, if course requisites were completed at another institution, you will be asked to provide an unofficial transcript as proof that they were met. Otherwise, instructor permission is required.**

ACCEPTED FULL- AND PART-TIME DEGREE SEEKING STUDENTS:

Students who plan to attend JCC full-time (12 credits or more) meet with an advisor and are registered for courses outlined at [Next Steps](#). Students who plan to attend JCC part-time while earning a degree are also encouraged to apply and review the [Next Steps](#) checklist.

PART-TIME NON-DEGREE SEEKING STUDENTS:

If you are a part-time student planning to take between 1-11 credit hours and do not plan to earn a degree at JCC, or receive financial aid, submit the following required information:

Certificate of Residence

Chautauqua County and Cattaraugus County residents:

Complete the electronic certificate of residence form at sunyjcc.edu/cor.

If you live in a New York state county other than Chautauqua or Cattaraugus:

Follow your county treasurer's instructions for obtaining a certificate of residence. Submit the certified affidavit from your treasurer to JCC's business office by e-mailing it to cor@mail.sunyjcc.edu.

Course Registration Form

Complete the [course registration form](#). You will receive an email from the registrar's office within 1-3 business days with your Self-Serve Banner user name (J-number) and six-digit PIN. If you are missing prerequisites or the course you are seeking is full, the registrar's office will provide additional instructions.

IMMUNIZATION & MENINGOCOCCAL DISEASE INFORMATION

According to New York State Public Health Law (NYS PHL) §2167, JCC is required to maintain a record of the following for each student: **A response to receipt of meningococcal disease and vaccine information** signed by the student or student's parent or guardian. This must include information on the availability of meningococcal meningitis vaccine **and** either 1) **a record of meningococcal meningitis immunization** within the past 5 years, or 2) **an acknowledgement of meningococcal disease risks and refusal of meningococcal meningitis immunization** signed by the student or student's parent or guardian.

Complete JCC's Certificate of Immunization/Acknowledgement of Meningitis Information form, available at the JCC health center on the campus you are attending or downloaded from www.sunyjcc.edu. *According to New York State Public Health Law, no institution shall permit any student to attend the institution in excess of 30 days without complying with this law. The cost of the vaccine may be covered by the individual's health insurance policy.*

To learn more about meningitis and the vaccine, contact the JCC health center and/or your physician. Additional information about the disease is available at the New York State Health Department (www.health.state.ny.us), the Centers for Disease Control and Prevention (CDC) (www.cdc.gov/ncidod/dbmd/diseaseinfo), and the American College Health Association (ACHA) (www.acha.org).

Students born on or after January 1, 1957: New York State Public Health Law 2165 requires post-secondary students attending colleges and universities to demonstrate proof of immunity to measles, mumps, and rubella. This law applies to anyone born January 1, 1957 or later who is taking six or more semester hours. Failure to do so will result in suspension and a \$25 fine.

Acknowledgement of Meningitis Information form should be signed by a physician, unless you are attaching other legal proofs such as school records or county clinic records. For questions regarding immunizations, contact the campus health center at the site you are attending:

INQUIRE COURSES

Things in the real world don't often fit inside the neat boxes of academic subjects. Why should all of your classes?

Inquiry courses explore compelling questions from fresh angles, bringing together different disciplines, perspectives, and types of evidence. Designed for first-year students, they also help you navigate the ins and outs of college, and are required for all new students entering degree programs.

3129 Inquire: Art of Mathematics - Zwyghuizen, S

Mathematics and art have long been intertwined. From sacred geometric symbols dating back thousands of years to modern-day mathematicians using crochet to visualize complicated topological spaces, mathematics has bred creative endeavors, and many creative endeavors have their foundation in mathematics. In this course, we will investigate those connections through topics such as how to "weave" an invisible carpet; why engineers find origami useful; and what daisies, the irrational number phi, and Leonardo Da Vinci have in common. Students will also discover their own connections as they exercise their creative talents. No special mathematics skills are required beyond curiosity and an open mind!

3125 Inquire: Artificial Intelligence - Reisch, C

"Hey SIRI, what will my career area look like in 5, 10, and 20 years?" The continual development, refinement, and implementation of artificial intelligence (AI) is a disruptive force increasingly impacting virtually every career area. In many cases, its implementation is increasing the speed and efficiency of systems (e.g. fraud detection in banking), but in others the impact can potentially have more damaging effects (e.g. the impact of autonomous vehicles on employment in the trucking industry). Through an exploration of AI past, present, and future, students will consider various forms of artificial intelligence, how the application of AI impacts society in general, and more specifically AI's potential impact on their individual choice of careers.

3176 Inquire: Beyond the Binary - Rabb, G

The 21st century has seen an explosion of identities and manners of expression beyond the traditional male or female, gay or straight. Increasingly students and others identify as lesbian, gay, bisexual, trans, questioning, inter-sex, asexual, pan-sexual, resulting in confusion for the populations who identify as such and their friends, family, and society at large. This course is designed to help students understand who they are and how they fit into the world around them and how society could and should respond to the plethora of "new" identities based on the understanding of gender fluidity and related concepts. The course will take advantage of the instructor's 30+ years as a gay activist and include potential guest speakers from around the country. Students will use LGBTQIA+ resources in our library as well as readings from various sources, including but not limited to books. The course will also consider the historical changes in expression and identity starting in the late 19th century through the present day.

3123 Inquire: Chasing Butterflies - Zwyghuizen, S

Where have all the monarch butterflies gone? Should we care? This course will begin with an overview of monarch biology, population decline, and conservation status. Equipped with this knowledge, students will engage in citizen science activities, analyze trends in monarch behavior, weigh competing priorities of human needs versus environmental needs, and discover appropriate monarch conservation strategies.

3152 Inquire: Digital Citizenship - Dunagan, C

If an employer were to conduct an online search, what would your digital profile reveal? Can ethics and civility be demonstrated in the online environment? How can you protect yourself and your digital identity? This course will explore these questions as students take a deeper look into the role technology plays in their lives and what it means to be a digital citizen. In this course, students will explore their social media use and examine the potential effects as aspiring professionals. In addition, students will create an electronic portfolio they will use to collect and curate their digital archives from their academic lives as they transition to the professional workplace.

3560 Inquire: Early Black Cinema - Yerpe, D

Early Black Cinema: Students will study independent movies made for segregated theaters from the 1920s into the 1940s. Through research, discussion and video creation, we will strive to identify with the audiences of "Race Cinema": Black-cast movies which confronted such issues as the color line, Jim Crow, the few allowed role models, Blackface minstrelsy, the Harlem Renaissance, and northern migration.

3153 Inquire: Fake News! - Damon, C & Parmenter, K

The rise of social media has created a world where, in just a few clicks, you can find people who agree with you - no matter your viewpoint. In this course, students will learn how to identify peer-reviewed articles and avoid biased "fake news" in a society that often rejects science. The course culminates with student debates in a field they choose.

3144 Inquire: Feeling Smart? - Smith, T

Students will study theories related to emotional intelligence including the relationship of emotional intelligence to academic achievement and workplace success. Students will explore the physiological processes and behavioral tactics that involve emotional intelligence. Students will investigate how emotional intelligence develops throughout the lifespan. A review of different cultures' expectations regarding emotional intelligence will be explored. Students will apply what they've learned by completing self-assessments to measure self-awareness, self-confidence, self-control, commitment and integrity, communication skills, and initiating and accepting change. A final project will incorporate theory and the result of the surveys to create an individual plan to improve a specific component of emotional intelligence.

3556 Inquire: Find Your Inner Roman - Gedz, C

The life we are used to today has many roots in ancient Rome. The Romans not only gave us ideas such as "representative democracy" and "innocent until proven guilty" but they were also master engineers and architects who invented concrete and used it to build an environment very similar to the one that surrounds us today. But ancient Rome wasn't just similar on the surface; there is quite a bit of "ancient Roman" in all of us. Are you a sports fan? Do you like to shop? Do you like "fast food" or a massage after working out at the gym? If so, you could spend a day in ancient Rome and still do many of the same things that you like to do today. In this course you will meet your "inner Roman" and learn about the numerous Roman influences on American culture today. On this journey of imagination you will journal your life in ancient Rome and reflect critically on our own society.

3163 Inquire: Food! - Hinz, C

Want to learn more about the food you eat? In Food!, we will explore various approaches to eating (such as paleo, vegan, Atkins, Mediterranean), looking at current research on healthy eating, government guidelines, ethical issues in farming, and sustainability.

3616 Inquire: Food for Thought - Sellstrom, S

In what ways do our kitchens inform us about our world? Each week we'll come together virtually to cook a meal in our own kitchens while seeking to answer this question and expanding our palates. Some weeks will feature experts in different disciplines to understand how the world comes together around the kitchen table. Students will be expected to write a weekly blog that shares their cooking experience and chronicles the stories of their kitchen. Access to a kitchen (stove, oven, and sink) during class meeting times is required; pantry staples and cookware can be provided by the instructor.

3561 Inquire: Global Ready - Baginski, T

What does it mean to be a global citizen? How does one become a global citizen? Why does global citizenship matter? These are a few of the questions students will contemplate, while considering what it takes to be successful locally and globally in our diverse and interdependent world. Active engagement in the dynamic 21st century environment demands an awareness of the knowledge, skills, values, and attitudes of others. Through self-examination and reflection, students will explore the rights and responsibilities of global citizens and the interconnectedness and impact of their local life experience to the global community.

3625 Inquire: Immigrant Voices - Baginski, T

This course will focus on the experiences of migrants in the world today. Through stories and personal interviews, students will examine and compare the thoughts, challenges, perspectives, and journeys of migrants. Students will answer the questions: Why do people leave their homes? What are the impacts and challenges for them, the communities they leave and those that receive them? Through community outreach, students will come to know immigrants living in our area and will capture their stories as part of a digital storytelling project.

3619 Inquire: In the News - Knisley, J

Do your instructors ever bring up topics in class that are in the news, but you don't have any knowledge about? Is your response, "I think I have heard about it, but I am not sure?" News is available through a lot of different mediums, but do you actually pay attention to or take advantage of what is available? We will discover together newsworthy events of local, national, and global concern while discerning appropriate sources for them. No "fake news" here. Students will follow their own topic of interest throughout the course and share their findings with the class each week and in a final project. Get ready to learn about what is going on all around us.

3155 Inquire: Just Breathe - Zeiders-Weber, J

Students will engage in a variety of critical thinking tasks and meditation techniques through an examination of Eastern and Western psychological perspectives. Within the scope of these seemingly disparate cultural perspectives, students will develop a foundation of mindfulness practices in their daily lives. The course will also explore the biological impact of long-term chronic stress on physical and psychological health and well-being. Through selected readings, videos, and current scientific research in consciousness psychology, students will explore the efficacy of mindfulness in stress reduction, cognitive and emotional awareness, and positive personal growth towards becoming a happier, healthier, and more successful student for life. Students will maintain a journal chronicling their mindfulness practices to ultimately answer the question: What does it mean to be truly and mindfully present in our everyday lives? In a final project, students will create a plan that details how they will continue their mindfulness practices moving forward.

3617 Inquire: Local Foods, Local Places - Bessette, S

In this course, students will engage in hands-on activities that examine the local and regional food system, including community gardens and urban farms, the local farmers markets, and organizations such as soup kitchen and food pantries. We'll take a look at how food is grown and distributed throughout the region, and students will have the opportunity to grow and preserve their own food.

3559 Inquire: Local Legends - Langworthy, T

Legends can play a powerful role in shaping a community's culture and identity. But sometimes they are more fiction than fact. How do untruths arise and why do they get passed on? To what effect? From ancient earthworks to Underground Railroad hideaways, religious radicalism to sensational murders, this course will uncover the facts and falsehoods behind some of our area's most intriguing legends and explore their significance today. We will go on at least one off-site field trip and sleuth out a variety of first-hand sources to find the true stories behind the myths. We will combine our findings to create a program or exhibit that can be shared with the community.

3162 Inquire: Monster Theory - Weyant, K

Vampires, zombies, werewolves, and giant beasts play essential parts in our culture, and these parts differ depending on different situations and interpretations. Indeed, these figures often represent safe spaces where we can examine and discuss our fears about the world around us. This course will examine these monsters and the fears and tensions they represent. Class discussion and assignments will look at representations of these monsters in literature, art, popular culture and history.

3150, 3151, 3614, 3615 Inquire: Music: Love, Death, Spirit - Flory, N

Frank Fitzpatrick, a critically acclaimed songwriter, astutely describes music as "essential to human life and an integral part of our development as individuals and as a species." Every culture has always had music. Since love, death, and spirituality are also essential to our existence, it's not surprising that more songs likely have been sung about those three topics than any others. How does music help us to celebrate love, come to terms with death, and connect in spirit with something larger than ourselves? How does music about these topics add to our human experience, enabling us to discover deeper truths about ourselves? The class will examine these and other questions relating to music of various styles, time periods, genres, and student interests. Students will develop related questions as they explore and interpret music of their own choosing. Music listening, discussion of multiple perspectives and meanings, personal reflection, and some research will be important components of our inquiry. No prior experience with music is required for this course, and it welcomes students of all majors.

3558 Inquire: Personality of Politics - Corapi, F

This course helps students understand the psychological origins and evolution of their own political views—specifically, conservatism and liberalism. After exploring partisan politics on a theoretical level, students will research their own "political genealogy." They will think about all the potential sources of their views and interview individuals with both similar and opposite views to their own. The course will also explore the current state of political discourse in the United States and current movements to censure unpopular opinions. What role does political correctness play in our current political climate? How do the 24-hour news cycle and social media contribute to group polarization? The roots of extremism on both the right and left will be explored. Students will develop recommendations for how to improve political discourse in our world today.

3622 Inquire: Race to Wellness - Visbisky, J

This course will explore an understanding of the broader health issues facing our current society. We will explore a range of topics associated with health, such as: population growth, food security, affordable healthcare, environmental disease (cancer), emerging diseases (virus outbreaks), food-borne illness, hazardous waste, and human health risk assessments. As a semester project, students will choose a current health issue and create a public service announcement that represents the problem, focusing on possible interventions and solutions.

3553 Inquire: Redefining Feminism - O'Brian, R

Don't be afraid to say the "F" word; feminism, that is. This course seeks to explore the roots and meaning of feminism and feminisms. Through participatory learning, collaborative projects, critical thinking, and creative expression, students will engage with differences that cut across race, gender identities, class, and national origin. This course will stress the role of students as active co-producers of knowledge and it will require students to participate in in-class discussions, written work, and project-based learning. Students will engage with sources ranging from graphic novels, social media, journal articles, and readings from various sources. Additionally, students will be required to complete a creative final project that integrates research with campus life.

3173, 3174, 3175, 3408, 3411 Inquire: Robot Revolution? - Griffin, T

Advanced manufacturing technologies such as additive manufacturing, machine learning, robotics and others continue to grow in importance in manufacturing. The role for humans in industry will continue to change as well as a result of those technological changes. Students will explore the social, cultural, and very personal changes that are likely to occur as manufacturing becomes more highly automated. A battle plan will be developed to stay relevant and highly employable in the face of those changes.

3623 Inquire: The Black Experience - Besette, S

This course is an introductory course, offering an overview of major themes, issues, and concentrations in African American Studies. In order to explore the complexities and the richness of the African American experience students will engage with written texts, film, art, music, and literature. This course is intended to provide a foundation in African American Studies that sparks students' curiosity and encourages them to explore the topic further.

3156 Inquire: Triple Bottom Line - Bray, S

Packaging made from biodegradable mushrooms instead of Styrofoam. Toys that break down gender stereotypes. Innovative toilets that reduce disease in overcrowded cities. These are examples of social entrepreneurs creating businesses that make a profit and also positively impacting society and the environment. Companies that embody a triple bottom line philosophy work to solve some of the world's biggest social and economic challenges while also making money. Students in this course will study a variety of global concerns and generate a business idea that offers a creative solution through products or services designed to alleviate the suffering associated with global issues.

3621 Inquire: Up Your Game! - Zeiders-Weber, J & Zeiders-Weber, E

Students will explore the history of gaming across cultures as a lens for examining the potential of games as mediators for social engagement, community cohesion, and individual growth. Students will play a variety of historical and modern tabletop games designed to encourage prosocial engagement and critical thought through cooperative gameplay and problem solving. The selected games will also expose students to various game mechanics and design. Based on research, course readings, and hands-on gameplay, students will collaborate to create and demonstrate gameplay for a tabletop game of their own design, ultimately answering the question: How do games make us better?

3128 Inquire: Urban Legends - Munde, C

All of us have heard stories that have been passed down from our friends. Sometimes, these are ghost stories, such as the vanishing hitchhiker story about a young woman who finds a ride with a sympathetic driver only to disappear. Sometimes, these stories involve alligators in city sewers or dangers in college dorms. Called urban legends, these stories are set in contemporary cultures and often reflect concerns and imagined dangers of specific time periods. In this course, students will examine various urban legends to determine their overall significances, meanings and perceived moral lessons.

3159 Inquire: What Makes Us Human? - Coe, J

What does it mean to be human? Using an interdisciplinary, collaborative and active approach, students will explore the unique characteristics that make us human. Throughout history, numerous attempts have been made to define humanity including capacity for learning, communication, music, religion, creativity and curiosity. As the pursuit for a concise definition progresses, and scientific inquiry advances, we have become more cognizant of the I and all dependent upon a careful balance of our ecosystem. Throughout the course, students will have the opportunity to investigate the uniqueness of the human species, as well as develop an understanding of it's precarious balance on Earth.

3158 Inquire: What Would Florence Nightingale Say? - Burrell, H

Florence Nightingale has always been acclaimed as the founder of modern nursing. This journey in time will start at the beginning, researching the common medical practices of Florence's time. From there we will travel forward through history, identifying advances that have changed medical practices as Florence once knew. We will debate those changes and the positive and/or negative outcomes that have resulted. Our journey will end with a glimpse into the future and with what we propose medical practices might be. Along the way we will pause often to ask ourselves: What would Florence Nightingale say?

COURSE REQUIREMENTS

ANT	1510	Eligibility: ENG 1510 without supports or Corequisite: ENG 1510 with supports.
ANT	1520	Eligibility: ENG 1510 without supports or Corequisite: ENG 1510 with supports.
ANT	2590	Eligibility: ENG 1510 without supports or Corequisite: ENG 1510 with supports.
ANT	7515	Students will understand how food is one of our most basic needs, but also how food is manipulated and controlled. Few of us think about how food is produced, where in the world it comes from, or how it must travel to get to us. This course helps students understand social, political and economic processes such as colonization, industrialization, and corporatization, and how they laid the foundation for the current global food system. Students will also engage with ongoing, contemporary concerns such as the relationship between agriculture and the environment, food waste, labor practices, food aid, and how race, class, gender, and nationality impact our experience of food systems. Throughout the course, we'll look at how people resist and reshape food systems, and how we can find alternatives that do more to protect people and the environment.

MUS	7513	Students will explore the rich diversity of ways in which music is made in Africa, India, Asia, Indonesia, the Middle East, and other regions outside of Western Europe and North America. How can music communicate the passion of a populace and help to create cultural identity? How can music strengthen community, contribute to the collective memory, and serve as a conduit for spirituality? In what ways does music define and create a framework for human rituals and cultural traditions? How do geographic, economic, political, and societal factors interact to shape the music of a region or culture? What can music show us about the connections between regions and cultures? What can we learn about our own culture from the music of other cultures? How can the music of other cultures ultimately deepen our understanding of what it means to be human? Students will explore these and other questions through this study of a wide variety of folk, indigenous and classical music styles. No prior musical experience or skills are required for this course. No requisites.
