PAYMENT PROCESS FOR ALL STUDENTS

After you have registered for your classes, please visit <https://banner.sunyjc.edu>. You must first complete your financial responsibility agreement before you will be able to view your current semester charges. You are responsible for accessing your bill which is available on demand via Banner self-service account. **JCC will not mail you a schedule bill.** If you:

- Expect financial aid funds that you are eligible to receive, they will be applied to your student account after registration.
- Need to pay your bill:
 - You may pay for classes by check or money order any of the business offices. To pay using a bank account or a credit/debit card, or sign up for the payment plan go online to <https://banner.sunyjc.edu>. Payment must be received by May 14, 2021.
 - If payment is not received, your account will be placed on hold and assessed a late fee.

Financial Responsibility Agreement (FRA)

Registering for classes creates a financial obligation to the college. Registered students are required to complete a financial responsibility agreement (FRA) by May 5, 2021. Failure to submit the complete agreement will result in the student being dropped from all registered classes. The FRA may be completed by logging in to self-service Banner and viewing the bill.

Mail-in and Online Registration Students registering by mail or online (<https://banner.sunyjc.edu>) may access their bill online immediately after registration. To ensure class registration is not cancelled, each student must complete the financial responsibility agreement by May 5, 2021. Student bills may be paid online in full or in installments at <http://mycollegepaymentplan.com/Jamestown>. Each student bill is due on May 14, 2021. After May 14, 2021, payment is due upon registration. If payment is not received, your account will be placed on hold and assessed a late fee.

Currently Enrolled Full-Time Students: Student advisement and registration concludes May 18. Schedule changes are processed during the drop/add period, May 19-20. Students can print a copy of their schedule by signing into Banner at <https://banner.sunyjc.edu>, or by visiting the Student Services Center on the Cattaraugus County Campus, the registrar's office on the Jamestown Campus, or the main office on the North County Center.

New Students and Readmissions: If applying for entrance to the college for Fall 2021, apply through the admissions office or at www.sunyjc.edu. Click on the admissions link. The admissions office will inform you about advisement and registration procedures.

Adding a Course: If you begin a summer session and then change your classes, you must complete the drop/add procedure in the registrar's office on May 19 and 20 for Summer Session I and July 5 and 6 for Summer Session II. If you want to add a course, you must do so prior to the second scheduled meeting of the campus-based course and during the first week of the term for online courses. For more information on registration procedures, call 1.800.388.8557, extension 1018.

Withdrawing From a Course(s): Visit <https://www.sunyjc.edu/programs/academic-resources> for semester specific withdrawal deadlines. Students must discuss withdrawing from a course with their instructor and advisor, then complete the Individual Course Withdrawal Form. If you begin the semester and then decide that you must withdraw from all courses, you must complete the Total Withdrawal process after speaking with an advisor. Both forms are available on the [Registrar's Webpage](#) at sunyjc.edu. **Please refer to withdrawal dates and liability on page 3. Withdrawals beginning May 19 will result in liability of your tuition and fees.**

ACADEMIC INFORMATION

Additional Grades: Consult the college catalog for details about the incomplete (I), credit (CR), audit (AU), special audit (SA, SW, SX), official withdrawal (W), and administrative withdrawal (X) grades.

Imputed Credit: The faculty and administration have determined that some courses listed in this master schedule may not be counted toward degree programs offered by the college. These are courses which are not at the college level, but are designed as remedial courses for students who need to prepare themselves for college-level work. Eligible students enrolled in courses carrying imputed credit may receive financial aid.

Attendance: Every student is expected to attend all lecture and laboratory sessions for which he or she is registered. Absences will be recorded by instructors, and the student will be held responsible for making up all work missed. Attendance requirements for each course are established by the instructor and announced, published, and distributed with the course outline at the first class meeting.

Participation in Online Courses: Online students must begin their course the week it is scheduled to begin. Students are expected to log in to their course three-four times per week. Participation requirements are set by the instructor and published in course information documents. More information is available at www.sunyjc.edu/academics/online-learning.

Retention and Graduation Rates: A study of the 752 students who enrolled as first-time full-time students at JCC in fall 2017 indicated that 38% had graduated by the beginning of the fall 2020 semester. An additional 14% had transferred to other colleges prior to graduation and 4% were still enrolled. A recent survey of 2019 graduates indicated that 40% of those responding had transferred to four-year colleges or universities and 51% were employed full time. (Sources: Materials from Jamestown Community College Office of Institutional Research and the 2018-2019 graduate follow-up survey). It should be noted that some students "stop out" for a semester or two due to family, work, or financial considerations, but eventually return to complete their educational programs. Some students leave college before receiving their degrees because they have obtained the necessary skills for employment or have otherwise met their educational goals by attending JCC. Additional information about JCC graduates is available at <http://www.sunyjc.edu/about/facts-figures>.

COURSE REQUIREMENTS

Students who have completed pre-/corequisites with a passing grade at another institution must provide a copy of their unofficial transcript at the time of registration. Terms used in course requirement information in the master schedule:

- **PREREQUISITE:** A course or other requirement that must be completed prior to enrolling in another course.
- **COREQUISITE:** A course or other requirement that must be completed during the same semester as another course.
- **ELIGIBILITY:** Refers to an academic readiness to take certain courses through successful completion of previous coursework or placement testing.
- **PERMISSION OF INSTRUCTOR:** A course with this notation requires the student to meet with the instructor to receive permission to take the course.

WAIVER OF PRE-/COREQUISITES: If a student feels qualified to take a course for which he or she does not appear to have the formal prerequisite background, the student should contact the instructor of the course by email. If, in the estimation of the instructor, the student meets the requisites in some other way, the instructor may override the requisites and notify the [Registrar's Office](#), granting permission for the student to be enrolled in the course(s). In the absence of the instructor, the waiver may be signed by the discipline coordinator/director, or dean. Students cannot register for courses for which they do not have a pre-/corequisite without emailed permission or a signed waiver form.

SPECIAL STATEMENT REGARDING SEQUENTIAL COURSEWORK: In the case of sequential coursework (i.e. math and English) where the student's entry point may be determined by way of a placement procedure or successful completion of other coursework in the sequence, a student will have met a prerequisite or corequisite for a course in the sequence if they are eligible to register for a higher level course for which the current course is a prerequisite. That is, if a student is eligible to take course C in a sequence (where course A is a prerequisite for course B, and course B is a prerequisite for course C), the student has met pre- or corequisites for both course A and course B.

SUNY GENERAL EDUCATION REQUIREMENTS

WHAT ARE THEY?

The SUNY General Education Requirement (SUNY GER) is the 30-credit requirement for all SUNY baccalaureate, A.A., and A.S. degree recipients, which supports academic excellence as well as student choice, mobility and degree attainment by expecting students to demonstrate achievement of SUNY-wide learning outcomes.

Students matriculating in fall 2015 or after and who graduate with an A.A. or A.S. degree **must** complete 30 credits of SUNY General Education courses that are distributed among at least seven of the 10 SUNY content categories. Mathematics and Basic Communication must be among the seven categories. (Students matriculating into the A.S. Engineering Science degree must complete 30 credits of SUNY General Education courses that are distributed among at least **five** of the 10 SUNY content categories.)

Students matriculating between fall 2010 and spring 2015 were encouraged to complete 30 credits of SUNY GER courses in at least seven of the 10 SUNY content categories, but were not required to do so.

HOW CAN I BE SURE IF MY COURSES ARE GOING TO MEET THE SUNY GENERAL EDUCATION REQUIREMENTS?

Use the checklist to identify JCC courses that meet requirements for each of the General Education categories. Meet with your advisor or a counselor to review these courses as they apply to the SUNY General Education Requirements.

ONLINE COURSES

BEFORE CHOOSING AN ONLINE COURSE

- You must have a reliable Internet connection, computer access, and a valid email address. High-speed access is highly preferred, but it is not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

HOW DOES ONLINE LEARNING WORK?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates that must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased from the college store website: campusstore.sunyjc.edu at least one week prior to class start date. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

ONLINE COURSES

Online courses are offered on JCC's learning management system.

1. Access your courses by selecting the My JCC link at www.sunyjcc.edu.
2. Select courses—Blackboard.
3. Follow the login directions.
4. Complete the Student Orientation found under the Home tab; then click on the Orientation tab.
5. On the Home tab, select your course from the My Courses module.

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course. If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at jchelpdesk@mail.sunyjcc.edu or 1.800.388.8557, ext. 1122. **It is your responsibility to start class on time.** You have a JCC email account for official college communications. Access it at <http://www.sunyjcc.edu/myjcc> and select Email.

HONORS PROGRAM

JCC HONORS PROGRAM

JCC's Honors Program provides challenging curriculum, supportive services, and special enrichment opportunities for highly motivated students who have demonstrated their academic ability. Honors students enroll in special honors-designated courses, engage in co-curricular activities, and complete projects that synthesize academic and real-world experiences. Students who complete the honors program requirements receive an honors citation on their transcripts along with other special graduation recognition and student privileges.

Honors courses are developed by faculty who are dedicated to providing additional rigor and support for honors students. The courses must have the following attributes: a focus on greater depth and breadth of subject matter; an interdisciplinary approach; strong attention to writing and critical thinking; and a strong focus on values and ethics.

New students with a 90% high school average who are eligible for MAT 1540 are eligible for the Honors Program. Returning students who are eligible to take a college-level English without support courses and MAT 1540 and have a GPA of 3.5 or better after 12 credit hours are honors eligible.

To earn JCC's honors citation students must successfully complete a three-credit hour honors symposium course offered as well as two one-credit hour honors project courses. The symposium course allows students to approach a global topic from diverse perspectives.

INQUIRE COURSE DESCRIPTIONS

CRN 3174- INT 1555 Inquire: Wellness & Happiness

This course engages first-year students in hands-on academic exploration while preparing them to navigate the challenges and opportunities of higher education. Students will develop the intellectual skills needed for college-level inquiry by actively exploring the various sides of a single, challenging question or issue. While the specific topic of inquiry varies from section to section, all instructors employ a problem-based, interdisciplinary approach to learning that helps students make connections across fields of study. Students will engage their critical thinking skills as they generate questions, organize information, evaluate evidence, and weigh alternative perspectives. In the process, they will become acclimated to the culture of higher education at JCC.

CRN 3175- INT 1555 Inquire: In the News

Do your instructors ever bring up topics in class that are in the news, but you don't have any knowledge about? Is your response, "I think I have heard about it, but I am not sure?" News is available through a lot of different mediums, but do you actually pay attention to or take advantage of what is available? We will discover together newsworthy events of local, national, and global concern while discerning appropriate sources for them. No "fake news" here. Students will follow their own topic of interest throughout the course and share their findings with the class each week and in a final project. Get ready to learn about what is going on all around us.

CRN 3176- INT 1555 Inquire: Silent Women

100 years ago in the US, the movies were being invented with technology that was only some two decades old and evolving. This is the time of the suffragist and the 19th Amendment, the flapper, Prohibition, speakeasies, and bathtub gin. The movies grow up in these years, still silent until 1929, and according to film historians, more women are involved in writing, producing, and directing these movies than there have ever been since. In this course, students will study the movies circa 1905-1929, the times they sprang from, and the women who created them. To better understand the process, students will create their own silent movie scene and decide who deserves the pre-1929 Academy Awards.

IMMUNIZATION & MENINGOCOCCAL DISEASE INFORMATION

According to New York State Public Health Law (NYS PHL) §2167, JCC is required to maintain a record of the following for each student: **A response to receipt of meningococcal disease and vaccine information** signed by the student or student's parent or guardian. This must include information on the availability of meningococcal meningitis vaccine **and** either 1) **a record of meningococcal meningitis immunization** within the past 5 years, or 2) **an acknowledgement of meningococcal disease risks and refusal of meningococcal meningitis immunization** signed by the student or student's parent or guardian.

Complete JCC's Certificate of Immunization/Acknowledgement of Meningitis Information form, available at the JCC health center on the campus you are attending or downloaded from www.sunyjcc.edu. *According to New York State Public Health Law, no institution shall permit any student to attend the institution in excess of 30 days without complying with this law. The cost of the vaccine may be covered by the individual's health insurance policy.*

To learn more about meningitis and the vaccine, contact the JCC health center and/or your physician. Additional information about the disease is available at the New York State Health Department (www.health.state.ny.us), the Centers for Disease Control and Prevention (CDC) (www.cdc.gov/ncidod/dbmd/diseaseinfo), and the American College Health Association (ACHA) (www.acha.org).

Students born on or after January 1, 1957: New York State Public Health Law 2165 requires post-secondary students attending colleges and universities to demonstrate proof of immunity to measles, mumps, and rubella. This law applies to anyone born January 1, 1957 or later who is taking six or more semester hours. Failure to do so will result in suspension and a \$25 fine.

Acknowledgement of Meningitis Information form should be signed by a physician, unless you are attaching other legal proofs such as school records or county clinic records. For questions regarding immunizations, contact the campus health center at the site you are attending:
