Payment Process for All Students

After you have registered for your classes, please visit <https://banner.sunyjjc.edu>. You are responsible for accessing your bill which is available on demand via Banner self-service account.

JCC will not mail you a schedule bill.

If you:

- Expect financial aid funds that you are eligible to receive, they will be applied to your student account after registration.
- Need to pay your bill:
 - You may pay for classes by cash or check in any of the business offices. To pay using a bank account or a credit/debit card, or sign up for the payment plan go online to <https://banner.sunyjjc.edu>. Payment must be received by August 23, 2019.

Maintaining Eligibility for Financial Aid

Students enrolled at JCC are eligible to participate in a wide range of federal, state and institutional grants, scholarships, loans, and work-study programs. Students must be accepted and matriculated by the JCC admissions office and meet academic eligibility criteria to receive awarded funds. Start the application process for all sources of aid by filing the 2019-2020 Free Application For Federal Student Aid (FAFSA) at www.fafsa.gov.

For more information on federal and state financial aid resources, visit the websites for the U.S. Department of Education, Federal Student Aid at www.studentaid.ed.gov, New York State Higher Education Services at www.hesc.ny.gov, and Pennsylvania Higher Education Assistance Agency at www.pheaa.org. In addition to meeting financial and academic eligibility requirements, students must meet federal and state citizenship and residency requirements and must not be in default of a federal student loan or owe a repayment of other federal student aid to receive awarded funds.

Students are encouraged to apply for funds from outside sources as well, such as private grants and scholarships, employee reimbursement plans, state vocational rehabilitation programs, Native American aid, veteran's benefits, and workforce development and re-training programs. Learn more about financial aid opportunities at JCC at www.sunyjjc.edu/admissions/financial-aid.

Advisement/Registration

Registration Procedures

Full- and part-time students can register for any *campus-based course* prior to the second scheduled class meeting and any *online course* prior to the first scheduled day of the course.

Placement Test

Students must have completed placement testing and/or meet course prerequisites. See Placement Test Information for more details and how to register for a placement test.

Currently Enrolled Full-Time Students: Student advisement and registration concludes August 23. Schedule changes are processed during the drop/add period, August 26-30. Students can print a copy of their schedule by signing into Banner at <https://banner.sunyjc.edu>, or by visiting the Student Services Center on the Cattaraugus County Campus, the registrar's office on the Jamestown Campus, or the main office on the North County Center.

New Students and Readmissions: Apply for entrance to the college through the admissions office or at www.sunyjc.edu. Click on the admissions link. The admissions office will inform you about advisement and registration procedures.

Part-Time Students: Part-time students with 30 or more degree hours are encouraged to seek advisement from a full-time faculty member or counselor. Part-time students must follow the placement test policy. If you wish to register as a part-time student, please note that you can register in person at JCC sites prior to the second class meeting.

Financial Responsibility Agreement (FRA)

Registering for classes creates a financial obligation to the college. Registered students are required to complete a financial responsibility agreement (FRA) by August 12, 2019. Failure to submit the complete agreement will result in the student being dropped from all registered classes. The FRA may be completed by logging in to self-service Banner and viewing the bill.

Mail-in and Online Registration

Students registering by mail or online (<https://banner.sunyjc.edu>) may access their bill online immediately after registration. To ensure class registration is not cancelled, each student must complete the financial responsibility agreement by August 12, 2019. Student bills may be paid online in full or in installments at <http://mycollegepaymentplan.com/Jamestown>. Each student bill is due on August 23, 2019. After August 23, 2019, payment is due upon registration. If payment is not received, your account will be placed on hold and assessed a late fee.

Continuing part-time students can register through their self-service Banner (SSB) account. Full-time students can make changes to their schedule through SSB by using their alternative PIN, obtained during advisement.

Adding a Course: Students who wish to add courses must do so prior to the second scheduled class meeting for *campus-based courses* and prior to the first scheduled day for *online courses*. Any additions after these dates require the instructor's permission. Permission cards are available at the registrar's office on the Jamestown Campus, the Student Services Center on the Cattaraugus County Campus, and the main office of the North County Center. Permission for online course additions may be obtained via email and sent to Registrar@mail.sunyjc.edu.

Withdrawing From a Course: You may withdraw from individual classes with a W grade through November 6. Tuition adjustments will be made according to the refund schedules, as noted on page 4. All course change procedures can be initiated by contacting the Student Services Center on the Cattaraugus County Campus, registrar's office on the Jamestown Campus, and main office of the North County Center. If you begin the semester and then decide that you must withdraw from all of your courses, you must complete an official total withdrawal form which can be found at www.sunyjc.edu. Please refer to withdrawal dates and liability on page 4. Withdrawals beginning August 26 will result in liability of your tuition and fees.

Advisement Notes

- Full-time students are required to see their advisors to review their academic progress and to discuss courses for the upcoming semester. Part-time students are also strongly urged to seek advisement.
- When you meet with your advisor, review your educational-vocational plans and academic progress. Discuss degree and graduation requirements. *It is ultimately the student's responsibility to learn and know the graduation and program requirements for the degree being sought and to monitor progress toward fulfilling those requirements.*
- Access your student transcript at <https://banner.sunyjc.edu>. Use the college catalog and DegreeWorks Evaluation to identify program requirements. Prepare a tentative course schedule prior to your advisement session.
- If you are changing your program of study, catalog term, and/or your advisor, you must complete a change form. Advisor/Program change forms are available online at www.sunyjc.edu/advisement and in the Student Records menu of your Banner account.
- Students with financial obligations to the college may be denied registration for additional credit and non-credit courses until satisfactory arrangements are made. Students should review their accounts with the financial aid or business offices before scheduling advisement appointments.
- Students are responsible for making sure their course selection meets financial aid guidelines.

Placement Test Information

JCC requires computer-based placement testing in math before a student enrolls in college math classes or in programs requiring math classes. The test helps determine the courses in which the student is best prepared to begin. Students without a GPA through the junior year of high school will also take a computer-based reading test. If you have a disability and require accommodated testing, contact the Accessibility Support Services coordinator at each site.

To register for a placement test and/or to see a list of exemptions, go to www.sunyjc.edu/placement testing or call :

Cattaraugus County Campus: 716.376.7508

Academic Information

Grade	Quality Pts.	Grade	Quality Pts.		
A	Excellent	4.0	C	Average	2.0
B+	Very good	3.5	D+	Fair	1.5
B	Good	3.0	D	Passing	1.0
C+	Above average	2.5	F	Failure	0.0

Additional Grades - Consult the college catalog for details about the incomplete (I), credit (CR), audit (AU), special audit (SA, SW, SX), official withdrawal (W), and administrative withdrawal (X) grades.

Imputed Credit: The faculty and administration have determined that some courses listed in this master schedule may not be counted toward degree programs offered by the college. These are courses which are not at the college level, but are designed as remedial courses for students who need to prepare themselves for college-level work. Eligible students enrolled in courses carrying imputed credit may receive financial aid.

Attendance: Every student is expected to attend all lecture and laboratory sessions for which he or she is registered. Absences will be recorded by instructors, and the student will be held responsible for making up all work missed. Attendance requirements for each course are established by the instructor and announced, published, and distributed with the course outline at the first class meeting.

Participation in Online Courses: Online students must begin their course the week it is scheduled to begin. Students are expected to log in to their course three-four times per week. Participation requirements are set by the instructor and published in course information documents. More information is available at www.sunyjcc.edu/academics/online-learning.

Retention and Graduation Rates: A study of the 865 students who enrolled as first-time full-time students at JCC in fall 2015 indicated that 37% had graduated by the beginning of the fall 2018 semester. An additional 13% had transferred to other colleges prior to graduation and 4% were still enrolled. A recent survey of 2017 graduates indicated that 50% of those responding had transferred to four-year colleges or universities and 41% were employed full time. (Sources: Materials from the State University of New York Administration Office of Institutional Research and the 2016-2017 graduate follow-up survey conducted by JCC's Office of Institutional Research). It should be noted that some students "stop out" for a semester or two due to family, work, or financial considerations, but eventually return to complete their educational programs. Some students leave college before receiving their degrees because they have obtained the necessary skills for employment or have otherwise met their educational goals by attending JCC. Additional information about JCC graduates is available at <http://www.sunyjcc.edu/about/facts-figures>.

Course Requirements

Students who have completed pre-/corequisites with a passing grade at another institution must provide a copy of their unofficial transcript at the time of registration. Terms used in course requirement information in the master schedule:

PREREQUISITE: A course or other requirement that must be completed prior to enrolling in another course.

COREQUISITE: A course or other requirement that must be completed during the same semester as another course.

ELIGIBILITY: Refers to an academic readiness to take certain courses through successful completion of previous coursework or placement testing.

PERMISSION OF INSTRUCTOR: A course with this notation requires the student to meet with the instructor to receive permission to take the course.

WAIVER OF PRE-/COREQUISITES: If a student feels qualified to take a course for which he or she does not appear to have the formal prerequisite background, the student should contact the instructor of the course. If, in the estimation of the instructor, the student meets the prerequisites in some other way, the instructor may sign an instructor's permission card which the student can then present to the Registrar's Office on the Jamestown Campus, the Counseling and Career Planning Center on the Cattaraugus County Campus, or the Main Office on the Dunkirk Campus. In the absence of the instructor, the waiver may be signed by the discipline coordinator/director, or dean. Students cannot register for courses for which they do not have a pre/corequisite or a signed waiver form.

SPECIAL STATEMENT REGARDING SEQUENTIAL COURSEWORK: In the case of sequential coursework (i.e. math and English) where the student's entry point may be determined by way of a placement procedure or successful completion of other coursework in the sequence, a student will have met a prerequisite or corequisite for a course in the sequence if they are eligible to register for a higher level course for which the current course is a prerequisite. That is, if a student is eligible to take course C in a sequence (where course A is a prerequisite for course B, and course B is a prerequisite for course C), the student has met pre- or corequisites for both course A and course B.

SUNY General Education Requirements

What are they?

The SUNY General Education Requirement (SUNY GER) is the 30-credit requirement for all SUNY baccalaureate, A.A., and A.S. degree recipients, which supports academic excellence as well as student choice, mobility and degree attainment by expecting students to demonstrate achievement of SUNY-wide learning outcomes.

Students matriculating in fall 2015 or after and who graduate with an A.A. or A.S. degree **must** complete 30 credits of SUNY General Education courses that are distributed among at least seven of the 10 SUNY content categories. Mathematics and Basic Communication must be among the seven categories. (Students matriculating into the A.S. Engineering Science degree must complete 30 credits of SUNY General Education courses that are distributed among at least **five** of the 10 SUNY content categories.)

Students matriculating between fall 2010 and spring 2015 were encouraged to complete 30 credits of SUNY GER courses in at least seven of the 10 SUNY content categories, but were not required to do so.

How can I be sure if my courses are going to meet the SUNY General Education Requirements?

Use the checklist to identify JCC courses that meet requirements for each of the General Education categories. Meet with your advisor or a counselor to review these courses as they apply to the SUNY General Education Requirements.

New! - Inquiry Courses

Things in the real world don't often fit inside the neat boxes of academic subjects. Why should all of your classes? Inquiry courses explore compelling questions from fresh angles, bringing together different disciplines, theories, and types of evidence. Designed for first-year students, they also help you navigate the ins and outs of college. You may take them in place of the Student Success Seminar this semester if you choose.

Interdisciplinary Studies— INT 1555

3812 INT 1555 21st-Century Cities - Online

For the first time in human history, more people live in cities than in rural areas. This process of urbanization has accelerated over the past decade or so, providing new and critical challenges for providing sustainable living conditions for cities around the world. Using the United Nations 2030 Sustainable Development Goals as a framework, we'll look at both the challenges and solutions for meeting these goals in cities locally, nationally, and globally. Here is a link to the Sustainable Development Goals: <https://www.un.org/sustainabledevelopment/sustainable-development-goals/>

3810 INT 1555 Beyond the Binary: LGBTQIA+ Expression and Identity - Jamestown Campus

The 21st century has seen an explosion of identities and manners of expression beyond the traditional male or female, gay or straight. Increasingly students and others identify as lesbian, gay, bisexual, trans, questioning, inter-sex, asexual, pan-sexual, resulting in confusion for the populations who identify as such and their friends, family, and society at large. This course is designed to help students understand who they are and how they fit into the world around them and how society could and should respond to the plethora of "new" identities based on the understanding of gender fluidity and related concepts. The course will take advantage of the instructor's 30+ years as a gay activist and include potential guest speakers from around the country. Students will use LGBTQIA+ resources in our library as well as readings from various sources, including but not limited to books. The course will also consider the historical changes in expression and identity starting in the late 19th century through the present day.

3807 INT 1555 Contagion! - Cattaraugus County Campus

Students will learn how diseases have evolved over human history and the biological and social impacts of disease on human populations. Students will analyze the relationship between human behavior and diseases by focusing on contemporary public health problems related to antibiotic use and vaccination rates. Based on their research and analysis, students will make public policy suggestions about disease prevention globally and in the United States.

3809 INT 1555 Designer Babies - Jamestown Campus

Curing diseases and improving the lives of people is a lofty goal, but does the end justify the means? Students will critically research the raw power and potential limitations of modern DNA technology that will be used by humanity to potentially improve or even save millions of lives. They will critically analyze the history of Social Darwinism and eugenics and how it influences how we think today in the context of this DNA revolution, as well as the ethical implications of the use of such technology.

3805 INT 1555 Earth Song for the Universe - Cattaraugus County Campus

Students will apply information they research from across several disciplines in deciding upon a song in English to be sent into the galaxy. In 1977 NASA launched Voyager 1 and Voyager 2, both of which have now left this solar system and are traveling in interstellar space. On each is a golden record containing in analog form photographs, speeches, and songs. Students will work together as a class to determine criteria NASA scientists might have had for selecting songs to include, and then students will work in small groups to create a video where they nominate a song for inclusion in such a launch, if it were to be done today.

3806 INT 1555 Irish Arts and Cultures - Cattaraugus County Campus

In this course, students will examine how the issues and events pivotal to Ireland and Irish cultures are both represented and shaped by texts. The notion of "text" will be taken broadly to include literary and non-literary print text, visual arts, music, theatre, cinema, television, architecture, folk arts, and other expressions of self. The cultural, national, and historical contexts to be examined in light of these texts will include: Celtic and Gaelic origins, emigration, borderlands, the Irish language, religion, landscape, agriculture, postcolonialism, and globalization. Particular attention will be given to the cyclical relationships between contexts and texts (or life and art).

3811 INT 1555 Urban Legends: Truths Behind the Stories We Tell - Jamestown Campus

All of us have heard stories that have been passed down from our friends. Sometimes, these are ghost stories, such as the vanishing hitchhiker story about a young woman who finds a ride with a sympathetic driver only to disappear. Sometimes, these stories involve alligators in city sewers or dangers in college dorms. Called urban legends, these stories are set in contemporary cultures and often reflect concerns and imagined dangers of specific time periods. In this course, students will examine various urban legends to determine their overall significances, meanings and perceived moral lessons.

Honors Program

JCC HONORS PROGRAM

JCC's Honors Program provides challenging curriculum, supportive services, and special enrichment opportunities for highly motivated students who have demonstrated their academic ability. Honors students enroll in special honors-designated courses, engage in co-curricular activities, and complete projects that synthesize academic and real-world experiences. Students who complete the honors program requirements receive an honors citation on their transcripts along with other special graduation recognition and student privileges.

Honors courses are developed by faculty who are dedicated to providing additional rigor and support for honors students. The courses must have the following attributes: a focus on greater depth and breadth of subject matter; an interdisciplinary approach; strong attention to writing and critical thinking; and a strong focus on values and ethics.

New students with a 90% high school average who are eligible for MAT 1540 are eligible for the Honors Program. Returning students who are eligible to take a college-level English without support courses and MAT 1540 and have a GPA of 3.5 or better after 12 credit hours are honors eligible.

Honors Program

To earn JCC's honors citation students must successfully complete a three-credit hour honors symposium course offered as well as two one-credit hour honors project courses. The symposium course allows students to approach a global topic from diverse perspectives. The **fall 2019 symposium course** is:

Jamestown	3816	3	HONORS SYMPOSIUM: Immigrants – Past and Present	Baginski, T	11:00 AM-11:50 AM	.M.W.F.	HULT	163	ITV
Dunkirk	3817	3	HONORS SYMPOSIUM: Immigrants – Past and Present	Baginski, T	11:00 AM-11:50 AM	.M.W.F.	NCTC	116	ITV
Olean	3818	3	HONORS SYMPOSIUM: Immigrants – Past and Present	Baginski, T	11:00 AM-11:50 AM	.M.W.F.	COLL	227	ITV

Students will examine the complex issue of immigration from historical, personal, and sociological perspectives. Students will gain an understanding of the international community's effort to address global migration and will analyze the state of immigration in the US in order to gain an understanding of the people who are in the immigration process.

Honors students are required to successfully complete **two one-credit, project-based honors courses** which are related to courses in which they are currently enrolled or have recently completed. Each project must include some form of applied learning: fieldwork, internship, service learning, innovative/creative project, and/or undergraduate research. After registering, the students will be guided by the honors program coordinator and their advisors to identify a course to which to link the project and a faculty instructor. Visit www.sunyjcc.edu/honors-program for project requirements and ideas.

New and continuing honors students may register for these honors project courses:

3580 INT 2015	1	HONORS Project I	Blood,B
3581 INT 2515	1	HONORS Project II	Blood,B

For more information, contact honors program coordinator Benjamin Blood at BenjaminBlood@mail.sunyjcc.edu or 716.338.1243 or 800.388.8557, ext. 1243.

Online Courses www.sunyjcc.edu/online

Before Choosing an Online Course

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased from the college store website: campusstore.sunyjcc.edu one week prior to class start date. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

Online Courses

Online courses are offered on JCC's learning management system.

- Access your courses by selecting the My JCC link at www.sunyjcc.edu.
- Select courses—Blackboard.
- Follow the login directions.
- Complete the Student Orientation found under the Home tab; then click on the Orientation tab.
- On the Home tab, select your course from the My Courses module.

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course.

If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at jcchelpdesk@mail.sunyjcc.edu or 1.800.388.8557, ext. 1122. **It is your responsibility to start class on time.**

You have a JCC email account for official college communications. Access it at <http://www.sunyjcc.edu/myjcc> and select Email.

6 Reasons you should include an INTERNSHIP IN YOUR SCHEDULE

BESIDES GETTING A FOOT IN THE DOOR WITH A POTENTIAL EMPLOYER AND LOOKING GOOD ON A RÉSUMÉ, INTERNSHIPS HAVE OTHER ADVANTAGES:

1. “TEST DRIVING” A CAREER

(Would I be happier in marketing or advertising? Am I more comfortable working with patients or in a lab?)

2. EXPANDING YOUR NETWORK

3. ESTABLISHING RELATIONSHIPS WITH MENTORS

4. LEARNING ABOUT THE FIELD’S CULTURE AND ETIQUETTE

(Are clients addressed by their first name? Are jeans appropriate for “Casual Friday”?)

5. BUILDING NEW SKILLS

6. GAINING A “REAL WORLD” PERSPECTIVE ON AN OCCUPATION

(How much overtime do employees really work? How much time is spent behind a desk versus in the field?)

Talk with your advisor about internship possibilities and visit www.sunyjcc.edu/internships to learn more.

Applied Learning

Applied learning is learning by doing. It's taking what students are taught in the classroom and putting it into practice, whether that's through an internship, working and learning abroad, or performing original research. The benefits are as obvious as they are endless. Students are more engaged with schoolwork, they gain the real-world experience that more and more employers are looking for, students are able to network, and much more.

Applied learning can take a variety of forms, including:

- Teaching English in Japan, China, or Spain
- Studying abroad
- Enrolling in an EL-intensive course or program of study
- Completing a credit-bearing or non-credit bearing internship
- Joining an active club

Please contact Annie Chartrand, JCC's applied learning coordinator, at 716.338.1381 for more opportunities or information.
