Payment Process for All Students

After you have registered for your classes, please visit <https://banner.sunyjc.edu>. You are responsible for accessing your bill which is available on demand via Banner self-service account. **JCC will not mail you a schedule bill.**

If you:

- Expect financial aid funds that you are eligible to receive, they will be applied to your student account after registration.
- Need to pay your bill:
 - You may pay for classes by cash or check in any of the business offices. To pay using a bank account or a credit/debit card, or sign up for the payment plan go online to <https://banner.sunyjc.edu>. Payment must be received by January 11, 2019.

Maintaining Eligibility for Financial Aid

Students enrolled at JCC are eligible to participate in a wide range of federal, state and institutional grants, scholarships, loans, and work-study programs. Students must be accepted and matriculated by the JCC admissions office and meet academic eligibility criteria to receive awarded funds. Start the application process for all sources of aid by filing the 2018-2019 Free Application For Federal Student Aid (FAFSA) at www.fafsa.gov.

For more information on federal and state financial aid resources, visit the websites for the U.S. Department of Education, Federal Student Aid at www.studentaid.ed.gov, New York State Higher Education Services at www.hesc.ny.gov, and Pennsylvania Higher Education Assistance Agency at www.pheaa.org. In addition to meeting financial and academic eligibility requirements, students must meet federal and state citizenship and residency requirements and must not be in default of a federal student loan or owe a repayment of other federal student aid to receive awarded funds.

Students are encouraged to apply for funds from outside sources as well, such as private grants and scholarships, employee reimbursement plans, state vocational rehabilitation programs, Native American aid, veteran's benefits, and workforce development and re-training programs. Learn more about financial aid opportunities at JCC at www.sunyjc.edu/admissions/financial-aid.

Advisement/ Registration

Registration Procedures

Full- and part-time students can register for any *campus-based course* prior to the second scheduled class meeting and any *online course* prior to the first scheduled day of the course.

Placement Test

Students must have completed placement testing and/or meet course prerequisites. See Placement Test Information for more details and how to register for a placement test.

Currently Enrolled Full-Time Students: Student advisement and registration concludes January 11. Schedule changes are processed during the drop/add period, January 14-18. Students can print a copy of their schedule by signing into Banner at <https://banner.sunyjc.edu>, or by visiting the Student Services Center on the Cattaraugus County Campus, the registrar's office on the Jamestown Campus, or the main office on the North County Center.

New Students and Readmissions: Apply for entrance to the college through the admissions office or at www.sunyjc.edu. Click on the admissions link. The admissions office will inform you about advisement and registration procedures.

Part-Time Students: Part-time students with 30 or more degree hours are encouraged to seek advisement from a full-time faculty member or counselor. Part-time students must follow the placement test policy. If you wish to register as a part-time student, please note that you can register in person at JCC sites prior to the second class meeting.

Financial Responsibility Agreement (FRA)

Registering for classes creates a financial obligation to the college. Registered students are required to complete a financial responsibility agreement (FRA) by January 4, 2019. Failure to submit the complete agreement will result in the student being dropped from all registered classes. The FRA may be completed by logging in to self-service Banner and viewing the bill.

Mail-in and Online Registration

Students registering by mail or online (<https://banner.sunyjc.edu>) may access their bill online immediately after registration. To ensure class registration is not cancelled, each student must complete the financial responsibility agreement by January 4, 2019. Student bills may be paid online in full or in installments at <http://mycollegepaymentplan.com/> Jamestown. Each student bill is due on January 11, 2019. After January 11, 2019, payment is due upon registration. If payment is not received, your account will be placed on hold and assessed a late fee.

Continuing part-time students can register through their self-service Banner (SSB) account. Full-time students can make changes to their schedule through SSB by using their alternative PIN, obtained during advisement.

Adding a Course: Students who wish to add courses must do so prior to the second scheduled class meeting for *campus-based courses* and prior to the first scheduled day for *online courses*. Any additions after these dates require the instructor's permission. Permission cards are available at the registrar's office on the Jamestown Campus, the Student Services Center on the Cattaraugus County Campus, and the main office of the North County Center. Permission for online course additions may be obtained via email and sent to Registrar@mail.sunyjc.edu.

Withdrawing From a Course: You may withdraw from individual classes with a W grade through March 27. Tuition adjustments will be made according to the refund schedules, as noted on page 4. All course change procedures can be initiated by contacting the Student Services Center on the Cattaraugus County Campus, registrar's office on the Jamestown

Campus, and main office of the North County Center. If you begin the semester and then decide that you must withdraw from all of your courses, you must complete an official total withdrawal form which can be found at www.sunyjc.edu. Please refer to withdrawal dates and liability on page 4. Withdrawals beginning January 14 will result in liability of your tuition and fees.

Advisement Notes

- Full-time students are required to see their advisors to review their academic progress and to discuss courses for the upcoming semester. Part-time students are also strongly urged to seek advisement.
- When you meet with your advisor, review your educational-vocational plans and academic progress. Discuss degree and graduation requirements. *It is ultimately the student's responsibility to learn and know the graduation and program requirements for the degree being sought and to monitor progress toward fulfilling those requirements.*
- Access your student transcript at <https://banner.sunyjc.edu>. Use the college catalog and DegreeWorks Evaluation to identify program requirements. Prepare a tentative course schedule prior to your advisement session.
- If you are changing your program of study, catalog term, and/or your advisor, you must complete a change form. Advisor/Program change forms are available online at www.sunyjc.edu/advisement and in the Student Records menu of your Banner account.
- Students with financial obligations to the college may be denied registration for additional credit and non-credit courses until satisfactory arrangements are made. Students should review their accounts with the financial aid or business offices before scheduling advisement appointments.
- Students are responsible for making sure their course selection meets financial aid guidelines.

Placement Test Information

JCC administers the placement test to students prior to their enrollment in college courses. The test is used to gather information to place you in classes for which you are best prepared and in which you are most likely to succeed. The test consists of two parts. The first part is comprised entirely of multiple choice questions which measure your ability in the basic skills of reading and mathematics. The second part is the English essay in which you demonstrate your ability to write a composition. Your advisor will use this information to help you plan your future at JCC. All new full-time students are required to take the placement test. Part-time students must take the placement test prior to enrolling in any course which has a reading, writing, or math prerequisite unless they qualify for an exemption.

Exemptions from taking the placement test include: you have a degree from an accredited college or university (associate's, bachelor's, master's, etc.); you have transfer credit in mathematics and ENG 1530 from an accredited institution; you have advanced placement credit for ENG 1530 and mathematics; or you are age 60 or older and plan to audit your course(s).

Students who provide written documentation from their high school that they placed in the top 10% of their class are exempt from the reading and writing portion of the placement test. Top 10% students still need to take the math portion of the placement test unless they have met at least one of the conditions needed for a math placement test waiver.

You may waive just the math portion of the test if you are currently enrolled in, or have passed, either precalculus or calculus. Please note that you will still need to take the reading and writing portions of the placement test.

If you are a returning part-time student and plan to take a course with a reading or writing prerequisite and you haven't taken the placement test (see exemptions), plan on registering for one of the test dates. If you have a disability and require testing accommodations, contact the accessibility support services coordinator at each site. Registration can be done at www.sunyjc.edu/admissions/placement-testing or by calling:

Cattaraugus County Campus: 716.376.7508

Jamestown Campus: 716.338.1065

Academic Information

Grade	Quality Pts.	Grade	Quality Pts.
A Excellent	4.0	C Average	2.0
B+ Very good	3.5	D+ Fair	1.5
B Good	3.0	D Passing	1.0
C+ Above average	2.5	F Failure	0.0

Additional Grades - Consult the college catalog for details about the incomplete (I), credit (CR), audit (AU), special audit (SA, SW, SX), official withdrawal (W), and administrative withdrawal (X) grades.

Imputed Credit: The faculty and administration have determined that some courses listed in this master schedule may not be counted toward degree programs offered by the college. These are courses which are not at the college level, but are designed as remedial courses for students who need to prepare themselves for college-level work. Eligible students enrolled in courses carrying Imputed credit may receive financial aid.

Attendance: Every student is expected to attend all lecture and laboratory sessions for which he or she is registered. Absences will be recorded by instructors, and the student will be held responsible for making up all work missed. Attendance requirements for each course are established by the instructor and announced, published, and distributed with the course outline at the first class meeting.

Participation in Online Courses: Online students must begin their course the week it is scheduled to begin. Students are expected to log in to their course three-four times per week. Participation requirements are set by the instructor and published in course information documents. More information is available at www.sunyjc.edu/academics/online-learning.

Retention and Graduation Rates: A study of the 865 students who enrolled as first-time full-time students at JCC in fall 2015 indicated that 37% had graduated by the beginning of the fall 2018 semester. An additional 13% had transferred to other colleges prior to graduation and 4% were still enrolled. A recent survey of 2017 graduates indicated that 50% of those responding had transferred to four-year colleges or universities and 41% were employed full time. (Sources: Materials from the State University of New York Administration Office of Institutional Research and the 2016-2017 graduate follow-up survey conducted by JCC's Office of Institutional Research). It should be noted that some students "stop out" for a semester or two due to family, work, or financial considerations, but eventually return to complete their educational programs. Some students leave college before receiving their degrees because they have obtained the necessary skills for employment or have otherwise met their educational goals by attending JCC. Additional information about JCC graduates is available at <http://www.sunyjc.edu/about/facts-figures>.

Course Requirements

Students who have completed pre-/corequisites with a passing grade at another institution must provide a copy of their unofficial transcript at the time of registration. Terms used in course requirement information in the master schedule:

PREREQUISITE: A course or other requirement that must be completed prior to enrolling in another course.

COREQUISITE: A course or other requirement that must be completed during the same semester as another course.

ELIGIBILITY: Refers to an academic readiness to take certain courses through successful completion of previous coursework or placement testing.

PLACEMENT TEST:

The college placement test assesses skills in mathematics, reading, and writing. If a student chooses to take any course for which there is a placement test prerequisite, they must take the appropriate test. As a rule, full-time students take the complete test during the application process and prior to registration. New part-time students are strongly encouraged to take the test prior to registration. Part-time students must take the placement test prior to enrolling in any course which has a reading, writing, or math prerequisite unless they qualify for an exemption.

PERMISSION OF INSTRUCTOR: A course with this notation requires the student to meet with the instructor to receive permission to take the course.

WAIVER OF PRE-/COREQUISITES: If a student feels qualified to take a course for which he or she does not appear to have the formal prerequisite background, the student should contact the instructor of the course. If, in the estimation of the instructor, the student meets the prerequisites in some other way, the instructor may sign an instructor's permission card which the student can then present to the Registrar's Office on the Jamestown Campus, the Counseling and Career Planning Center on the Cattaraugus County Campus, or the Main Office on the Dunkirk Campus. In the absence of the instructor, the waiver may be signed by the discipline coordinator/director, or dean. Students cannot register for courses for which they do not have a pre/corequisite or a signed waiver form.

SPECIAL STATEMENT REGARDING SEQUENTIAL COURSEWORK: In the case of sequential coursework (i.e. math and English) where the student's entry point may be determined by way of a placement procedure or successful completion of other coursework in the sequence, a student will have met a prerequisite or corequisite for a course in the sequence if they are eligible to register for a higher level course for which the current course is a prerequisite. That is, if a student is eligible to take course C in a sequence (where course A is a prerequisite for course B, and course B is a prerequisite for course C), the student has met pre- or corequisites for both course A and course B.

Values, Ethics, & Diverse Perspectives Courses

JCC is committed to providing general education experiences for graduates that will prepare them to make reasoned judgments in both personal and professional circumstances. To support this goal, graduates of JCC who matriculate for the first time beginning fall 2008 or thereafter will be required to include in their degree programs at least one course that has been designated as incorporating study of values, ethics, and diverse perspectives (VEDP). Faculty advisors can assist students in selecting courses that will meet this graduation requirement. All courses listed below are effective with the fall 2008 semester unless otherwise noted.

Scientific Reasoning Courses

Graduates who matriculate for the first time beginning fall 2010 or thereafter are required to include in their degree programs at least one course that has been designated as incorporating study of scientific reasoning (SR). Scientific reasoning involves the ability to understand and appreciate the methods scientists use to explore natural and/or social phenomena, including observation, hypothesis development, measurement and data collection, experimentation, evaluation of evidence, and employment of mathematical analysis.

SUNY General Education Requirements

What are they?

The SUNY General Education Requirement (SUNY GER) is the 30-credit requirement for all SUNY baccalaureate, A.A., and A.S. degree recipients, which supports academic excellence as well as student choice, mobility and degree attainment by expecting students to demonstrate achievement of SUNY-wide learning outcomes.

Students matriculating in fall 2015 or after and who graduate with an A.A. or A.S. degree **must** complete 30 credits of SUNY General Education courses that are distributed among at least seven of the 10 SUNY content categories. Mathematics and Basic Communication must be among the seven categories. (Students matriculating into the A.S. Engineering Science degree must complete 30 credits of SUNY General Education courses that are distributed among at least **five** of the 10 SUNY content categories.)

What will change?

Students matriculating between fall 2010 and spring 2015 were encouraged to complete 30 credits of SUNY GER courses in at least seven of the 10 SUNY content categories, but were not required to do so.

How can I be sure if my courses are going to meet the SUNY General Education Requirements?

Use the checklist to identify JCC courses that meet requirements for each of the General Education categories. Meet with your advisor or a counselor to review these courses as they apply to the SUNY General Education Requirements.

Honors Program

JCC HONORS PROGRAM

JCC's Honors Program provides challenging curriculum, supportive services, and special enrichment opportunities for highly motivated students who have demonstrated their academic ability. Honors students enroll in special honors-designated courses, engage in co-curricular activities, and complete projects that synthesize academic and real-world experiences. Students who complete the honors program requirements receive an honors citation on their transcripts along with other special graduation recognition and student privileges.

Honors courses are developed by faculty who are dedicated to providing additional rigor and support for honors students. The courses must have the following attributes: a focus on greater depth and breadth of subject matter; an interdisciplinary approach; strong attention to writing and critical thinking; and a strong focus on values and ethics.

New students with a 90% high school average who are eligible to take a college-level English course and MAT 1540, with a reading score of 80 or better, are eligible for the Honors Program. Returning students who are eligible to take a college-level English course and MAT 1540 and have a GPA of 3.5 or better after 12 credit hours are honors eligible.

For more information, contact honors program coordinator Benjamin Blood at BenjaminBlood@mail.sunyjc.edu or 716.338.1243 or 800.388.8557, ext. 1243.

To earn JCC's honors citation students must successfully complete a three-credit hour honors symposium course offered during the fall semester as well as two one-credit hour honors project courses.

New and continuing honors students may register for these spring honors project courses:

3789	INT 2015 1	HONORS Project I	Blood, B.
3790	INT 2515 1	HONORS Project II	Blood, B.

Honors students are required to successfully complete two one-credit, project-based honors courses which are related to courses in which they are currently enrolled or have recently completed. Each project must include some form of applied learning: fieldwork, internship, service learning, innovative/creative project, and/or undergraduate research. After registering, the students will be guided by the honors program coordinator and their advisors to identify a course to which to link the project and a faculty instructor. Visit www.sunyjc.edu/honors-program for project requirements and ideas.

Online Courses www.sunyjc.edu/online

Before Choosing an Online Course

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased online at: campusstore.sunyjc.edu beginning Jan. 7. Campus Store information: 1.800.388.8557, ext. 1186. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

Online Courses

Online courses are offered on JCC's learning management system.

1. Access your courses by selecting the My JCC link at www.sunyjc.edu.
2. Select courses—Blackboard.
3. Follow the login directions.
4. Complete the Student Orientation found under the Home tab; then click on the Orientation tab.
5. On the Home tab, select your course from the My Courses module.

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course.

If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at jchelpdesk@mail.sunyjc.edu or 1.800.388.8557, ext. 1122. **It is your responsibility to start class on time.**

You have a JCC email account for official college communications. Access it at <http://www.sunyjc.edu/myjcc> and select Email.

6 Reasons you should include an INTERNSHIP IN YOUR SCHEDULE

BESIDES GETTING A FOOT IN THE DOOR WITH A POTENTIAL EMPLOYER AND LOOKING GOOD ON A RÉSUMÉ, INTERNSHIPS HAVE OTHER ADVANTAGES:

1. “TEST DRIVING” A CAREER

(Would I be happier in marketing or advertising? Am I more comfortable working with patients or in a lab?)

2. EXPANDING YOUR NETWORK

3. ESTABLISHING RELATIONSHIPS WITH MENTORS

4. LEARNING ABOUT THE FIELD’S CULTURE AND ETIQUETTE

(Are clients addressed by their first name? Are jeans appropriate for “Casual Friday”?)

5. BUILDING NEW SKILLS

6. GAINING A “REAL WORLD” PERSPECTIVE ON AN OCCUPATION

(How much overtime do employees really work? How much time is spent behind a desk versus in the field?)

Talk with your advisor about internship possibilities and visit www.sunyjcc.edu/internships to learn more.

JOB SHADOWING

GAIN EXPERIENCE. CONFIRM YOUR MAJOR. MAKE CONNECTIONS.

Jamestown Campus

JAMESTOWN CAMPUS/NORTH COUNTY: KELLY STINEMAN, 716.338.1382 OLEAN: GREGG KARL, 376.7531

Special Applied Learning Opportunities

Applied learning is learning by doing. It's taking what students are taught in the classroom and putting it into practice, whether that's through an internship, job shadowing, working and learning abroad, or conducting original research. The benefits are as obvious as they are endless. Students are more engaged with academic work, they gain the real-world experience that more and more employers are looking for, students are able to network, and much more.

Applied learning can take a variety of forms, including:

- Completing a credit or non-credit internship—from downtown to Disney; from on-campus to Asia.
- Shadowing a working professional.
- Engaging with a professional mentor.
- Studying abroad.
- Completing a research project.
- Participating in a workplace tour.

Contact Annie Chartrand at 716.338.1381 or Gregg Karl at 716.376.7531 for more opportunities or information.

Before Choosing an Online Course

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required.
- Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased online at: campusstore.sunyjc.edu beginning Jan. 7. Campus Store information: 1.800.388.8557 x 1186. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

Immunization & Meningococcal Disease Information

According to New York State Public Health Law (NYS PHL) §2167, JCC is required to maintain a record of the following for each student: **A response to receipt of meningococcal disease and vaccine information** signed by the student or student's parent or guardian. This must include information on the availability of meningococcal meningitis vaccine **and** either 1) **a record of meningococcal meningitis immunization** within the past 5 years, or 2) **an acknowledgement of meningococcal disease risks and refusal of meningococcal meningitis immunization** signed by the student or student's parent or guardian.

Complete JCC's Certificate of Immunization/Acknowledgement of Meningitis Information form, available at the JCC health center on the campus you are attending or downloaded from www.sunyjcc.edu. According to New York State Public Health Law, no institution shall permit any student to attend the institution in excess of 30 days without complying with this law. The cost of the vaccine may be covered by the individual's health insurance policy.

To learn more about meningitis and the vaccine, contact the JCC health center and/or your physician. Additional information about the disease is available at the New York State Health Department (www.health.state.ny.us), the Centers for Disease Control and Prevention (CDC) (www.cdc.gov/ncidod/dbmd/diseaseinfo), and the American College Health Association (ACHA) (www.acha.org).

Students born on or after January 1, 1957: New York State Public Health Law 2165 requires post-secondary students attending colleges and universities to demonstrate proof of immunity to measles, mumps, and rubella. This law applies to anyone born January 1, 1957 or later who is taking six or more semester hours. Failure to do so will result in suspension and a \$25 fine. JCC's Certificate of Immunization/Acknowledgement of Meningitis Information form should be signed by a physician, unless you are attaching other legal proofs such as school records or county clinic records. For questions regarding immunizations, contact the campus health center at the site you are attending:
