# Academic Information

Grade	Quality Pts.	Grade	Quality Pts.
A Excellent	4.0	C Average	2.0
B+ Very good	3.5	D+ Fair	1.5
B Good	3.0	D Passing	1.0
C+ Above average	2.5	F Failure	0.0

**ADDITIONAL GRADES:** Consult the college catalog for details about the incomplete (I), credit (CR), audit (AU), special audit (SA, SW, SX), official withdrawal (W), and administrative withdrawal (X) grades.

**IMPUTED CREDIT:** The faculty and administration have determined that some courses listed in this master schedule may not be counted toward degree programs offered by the college. These are courses which are not at the college level, but are designed as remedial courses for students who need to prepare themselves for college-level work. Eligible students enrolled in courses carrying imputed credit may receive financial aid.

**ATTENDANCE:** Every student is expected to attend all lecture and laboratory sessions for which he or she is registered. Absences will be recorded by instructors, and the student will be held responsible for making up all work missed. Attendance requirements for each course are established by the instructor and announced, published, and distributed with the course outline at the first class meeting.

**PARTICIPATION IN ONLINE COURSES:** Online students must begin their course the week it is scheduled to begin. Students are expected to log in to their course three-four times per week. Participation requirements are set by the instructor and published in course information documents. More information is available at [www.sunyjc.edu/academics/online-learning](http://www.sunyjc.edu/academics/online-learning).

**RETENTION AND GRADUATION RATES:** A study of the 865 students who enrolled as first-time full-time students at JCC in fall 2015 indicated that 37% had graduated by the beginning of the fall 2018 semester. An additional 13% had transferred to other colleges prior to graduation and 4% were still enrolled. A recent survey of 2017 graduates indicated that 50% of those responding had transferred to four-year colleges or universities and 41% were employed full time. (Sources: Materials from the State University of New York Administration Office of Institutional Research and the 2016-2017 graduate follow-up survey conducted by JCC's Office of Institutional Research). It should be noted that some students "stop out" for a semester or two due to family, work, or financial considerations, but eventually return to complete their educational programs. Some students leave college before receiving their degrees because they have obtained the necessary skills for employment or have otherwise met their educational goals by attending JCC. Additional information about JCC graduates is available at <http://www.sunyjc.edu/about/facts-figures>.

## Course Requirements

*Students who have completed pre-/corequisites with a passing grade at another institution must provide a copy of their unofficial transcript at the time of registration. Terms used in course requirement information in the master schedule:*

**PREREQUISITE:** A course or other requirement that must be completed prior to enrolling in another course.

**COREQUISITE:** A course or other requirement that must be completed during the same semester as another course.

**ELIGIBILITY:** Refers to an academic readiness to take certain courses through successful completion of previous coursework or placement testing.

**RECOMMENDATION:** A condition of enrollment that a student is advised to meet, but not required to meet.

**PLACEMENT TEST:** The college placement test assesses skills in mathematics, reading, and writing. If a student chooses to take any course for which there is a placement test prerequisite, he/she must take the appropriate test. As a rule, full-time students take the complete test during the application process and prior to registration. New part-time students are strongly encouraged to take the test prior to registration. Part-time students must take the placement test prior to enrolling in any course which has a reading, writing, or math prerequisite unless they qualify for an exemption.

**PERMISSION OF INSTRUCTOR:** A course with this notation requires the student to meet with the instructor to receive permission to take the course.

**WAIVER OF PRE-/COREQUISITES:** If a student feels qualified to take a course for which he or she does not appear to have the formal prerequisite background, the student should contact the instructor of the course. If, in the estimation of the instructor, the student meets the prerequisites in some other way, the instructor may sign an instructor's permission card which the student can then present to the Registrar's Office on the Jamestown Campus, the Counseling and Career Planning Center on the Cattaraugus County Campus, or the Main Office on the Dunkirk Campus. In the absence of the instructor, the waiver may be signed by the discipline coordinator/director, or dean. Students cannot register for courses for which they do not have a pre-/corequisite or a signed waiver form.

## SUNY General Education Requirements

### What are they?

The SUNY General Education Requirement (SUNY GER) is the 30-credit requirement for all SUNY baccalaureate, A.A., and A.S. degree recipients, which supports academic excellence as well as student choice, mobility and degree attainment by expecting students to demonstrate achievement of SUNY-wide learning outcomes.

Students matriculating in fall 2015 or after and who graduate with an A.A. or A.S. degree **must** complete 30 credits of SUNY General Education courses that are distributed among at least seven of the 10 SUNY content categories.

Mathematics and Basic Communication must be among the seven categories.

(Students matriculating into the A.S. Engineering Science degree must complete 30 credits of SUNY General Education courses that are distributed among at least **five** of the 10 SUNY content categories.)

### What will change?

Students matriculating between fall 2010 and spring 2015 were encouraged to complete 30 credits of SUNY GER courses in at least seven of the 10 SUNY content categories, but were not required to do so.

### How can I be sure if my courses are going to meet the SUNY General Education Requirements?

Use the checklist to identify JCC courses that meet requirements for each of the General Education categories. Meet with your advisor or a counselor to review these courses as they apply to the SUNY General Education Requirements.

## Values, Ethics, & Diverse Perspectives Courses

JCC is committed to providing general education experiences for graduates that will prepare them to make reasoned judgments in both personal and professional circumstances. To support this goal, graduates of JCC who matriculate for the first time beginning fall 2008 or thereafter will be required to include in their degree programs at least one course that has been designated as incorporating study of values, ethics, and diverse perspectives (VEDP). Faculty advisors can assist students in selecting courses that will meet this graduation requirement. All courses listed below are effective with the fall 2008 semester unless otherwise noted.

# Honors Program

## JCC HONORS PROGRAM

JCC's Honors Program provides challenging curriculum, supportive services, and special enrichment opportunities for highly motivated students who have demonstrated their academic ability. Honors students enroll in special honors-designated courses, engage in co-curricular activities, and complete projects that synthesize academic and real-world experiences. Students who complete the honors program requirements receive an honors citation on their transcripts along with other special graduation recognition and student privileges.

Honors courses are developed by faculty who are dedicated to providing additional rigor and support for honors students. The courses have greater depth and breadth of subject matter, an interdisciplinary approach, strong attention to writing and critical thinking, and a strong focus on values and ethics.

New students with a 90% high school average who are eligible for MAT 1540 are eligible for the Honors Program. Returning students who are eligible to take a college-level English without support courses and MAT 1540 and have a GPA of 3.5 or better after 12 credit hours are honors eligible.

For more information, contact honors program coordinator Lisa Cooper at [LisaCooper@mail.sunyjcc.edu](mailto:LisaCooper@mail.sunyjcc.edu) or 716.338.1243 or 800.388.8557, ext. 1243.

To earn JCC's honors citation students must successfully complete a three-credit hour honors symposium course offered during the fall semester as well as two one-credit hour honors project courses.

Continuing honors students may register for these summer honors project courses:

### Summer Session I

3156 INT	2015 1	HONORS Project I	Cooper, L	TBD-TBD	.....	COCE	FW	5/20	8/13
3157 INT	2515 1	HONORS Project II	Cooper, L	TBD-TBD	.....	COCE	FW	5/20	8/13

Honors students are required to successfully complete two one-credit, project-based honors courses which are related to courses in which they are currently enrolled or have recently completed. Each project must include some form of applied learning: fieldwork, internship, service learning, innovative/creative project, and/or undergraduate research. After registering, the students will be guided by the honors program coordinator and their advisors to identify a course to which to link the project and a faculty instructor. Visit [www.sunyjcc.edu/honors-program](http://www.sunyjcc.edu/honors-program) for project requirements and ideas.

## Online Courses [www.sunyjcc.edu/online](http://www.sunyjcc.edu/online)

### Before Choosing an Online Course

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

### How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Online textbook orders open May 13 at <http://campusstore.sunyjcc.edu>. To reach the campus store, call 1.800.388.8557, x 1186. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

### Online Courses

Online courses are offered on JCC's learning management system.

- Access your courses by selecting the My JCC link at [www.sunyjcc.edu](http://www.sunyjcc.edu).
- Select Courses - Blackboard.
- Follow the login directions.
- Complete the Student Orientation found under the Home tab; then click on the Orientation tab.
- On the Home tab, select your course from the My Courses module.

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course.

If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at [jchelpdesk@mail.sunyjcc.edu](mailto:jchelpdesk@mail.sunyjcc.edu) or 1.800.388.8557, ext. 1122.

**It is your responsibility to start class on time.**

You have a JCC email account for official college communications. Access it at <http://www.sunyjcc.edu/myjcc> and select Email.

## Before Choosing an Online Course

- You must have a reliable Internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required.
- Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

## How Does Online Learning Work?

Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased online at: [campusstore.sunycc.edu](http://campusstore.sunycc.edu) beginning May 13. Campus Store information: 1.800.388.8557 x 1186. Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.
