

**Human Services**

curriculum code: 0604 | HEGIS code: 5501

minimum credit hours required: 60

This degree program prepares students for transfer into baccalaureate programs in social work, human services, counseling, psychology, and other related fields. While providing a foundation of knowledge in generalist practice, students will choose electives and internship opportunities that match their career goals in fields such as mental health, gerontology, alcohol and chemical dependency, child protection, intimate partner violence, policy practice, community development, and developmental, intellectual, and physical disabilities. Students will prepare for transfer and future employment by completing a one-semester internship and additional liberal arts and sciences electives.

| <b>Total Credits: 60</b>   |   |   | not required | 20  |

**IMPORTANT POINTS:**

The core requirements in this human services program include two field placements. Students currently employed in an approved human services agency may, under certain circumstances, use employment experiences to partially fulfill the field placement requirement. Permission of the instructor and the agency is required. Details must be worked out prior to registration for the course with their human services advisor.

Students must be willing to obtain and pay for any necessary physical or medical examinations or tests which are required by some internship agencies.

Enrollment in the human services program does not guarantee acceptance into field placements in the human services program. A criminal history or indication of child maltreatment may jeopardize the student's acceptance into a field placement agency.

Students must complete an application for internship and approval of the application is required for all field placement courses in human services. Some internship agencies require FBI or Child Abuse Registry checks. These processes can be lengthy and may require up to four months in order for approval to be obtained prior to placement.
