

This degree program begins with a thorough foundation in drawing, design, and historical survey with additional study available in a variety of media. An integral part of the curriculum is involvement with the Weeks Gallery at JCC. Students are encouraged to participate in gallery operations and events and to utilize the gallery's permanent collection which includes over 300 works on the Jamestown and Cattaraugus County campuses. Travel to other galleries and art centers in western New York and beyond is also important. Students wishing to take art courses for enjoyment rather than preparing for a career in art are also encouraged to enroll in JCC's fine arts curriculum. **Program completion will require students to attend some classes on the Jamestown Campus.**
