Exceptions to remain on campus will be considered based upon individual circumstances.

Upon reasonable notice to the extent possible, residents may be required to vacate the Hillside Suites on a temporary or permanent basis in accordance with state, county, or College mandates and requirements. If the College terminates housing due to public health concerns, the College will determine if there will be any reimbursement or credit as appropriate and based on information available at that time.

Should an incident arise, College designees will communicate additional information when available.

In this instance, all other suitemates will be required to use the additional bathroom in the suite. In some cases, based on recommendations of health professionals, the student may be moved to a separate suite for the isolation period.
- Students understand that suite residents not under quarantine or isolation will need to assist with communications to the Residence Life staff if: 1) trash needs to be taken to the dumpster, 2) there is a medical emergency, and 3) it is necessary to deliver food to the door of the student under isolation.
- Further, students acknowledge that should they be placed under quarantine that they will not be allowed to leave the suite until the Campus Health Center communicates a release. * Food and beverages will be delivered to a table outside the suite at a predetermined time by the Residence Director (RD). There is no obligation for the FSA to store any items deemed abandoned left in the licensed space, nor to reimburse the resident for any loss.

The residence life staff will make every attempt to inform you that you will be receiving a new suitemate/roommate prior to the reassignment. If the reassignment is being made for an emergency situation, this change may be made immediately, without prior notification.
 - iii. Residents may not change room assignments without consulting the Director of Residence Life. If residents are experiencing difficulties in their suites, they must first contact their Resident Assistant. A suite mediation session will be facilitated by a residence life staff member. If there is no resolution in the mediation session, a room reassignment can be requested if space allows, and at the discretion of the DRL. Room changes will not be granted during the first four weeks of the fall semester, or the last four weeks of the spring semester.
 - iv. **Suitemate Agreement Form:** Should conflicts/issues arise within a suite, the Residence Life staff will assist suitemates with establishing community living standards within their living space. A mediation session will be scheduled with the suite, where a suitemate agreement form will be completed and signed with all parties involved. Once a suitemate agreement form has been completed, failure to comply with the agreement may result in residence life and/or conduct violations.

- c. **International Students:** Through the office of Global Learning, international students can apply to reside in the Hillside Suites while attending JCC. For more information, please visit the [Global Learning](#) webpage.
 - i. **Residence Hall Recesses for International Students:** While access is not permitted to the residence halls for domestic students over college recesses, there is an opportunity for international students to have access via the office of Global Learning. International Students currently residing in the Hillside Suites may continue their residency, free of charge, for Thanksgiving and Spring Recesses. For current International Students residing in the halls that request housing over Winter Recess, there will be an additional fee. This fee will be used to cover operational and staffing costs during this period since the residence halls are officially closed until the start of the spring semester.
- d. **Arrivals and Departures:** Residents may not occupy or deliver items to their suites prior to the official opening of the residence halls. Residents requesting early arrival or extended stay for College sponsored purposes may do so in writing to the Office of Residence Life, through the appropriate office, department or organization.
 - 1. **Fall Semester Arrivals:** Residents entering the residence halls for the fall semester will receive information regarding move-in procedures to their JCC emails in August. Generally, Move-In occurs the week prior to the beginning of classes.
 - a. Room assignments will be held for residents only through the close of business on the Wednesday after classes start unless prior arrangements are made with the Director of Residence Life. Residents who have not checked in by that time, or have not contacted the Office of Residence Life, may have their rooms reassigned to other residents and their housing deposits forfeited.
 - 2. **Spring Semester Arrivals:** The residence halls will open for the spring semester before classes resume. Specific information will be provided to residents through their JCC email in January prior to the start of the semester.
 - a. Room assignments will be held for residents only through the close of business on the Wednesday after classes start unless prior arrangements are made with the Director of Residence Life. Residents who have not checked in by that time, or have not contacted the Office of Residence Life, may have their rooms reassigned to other residents and their housing deposits forfeited.
 - 3. **Recesses:** The residence halls will be closed in observance of Thanksgiving Recess, Winter Recess, and Spring Recess. Housing will not be available during recesses unless a resident submits a request with the DRL due to an extenuating circumstance. Decisions for any housing extensions will be made on a case-by-case basis by the DRL or designee. Additional fees may apply. Housing extensions will not be granted for Winter Recess. For more specific information about college recesses, including opening and closing dates, please visit the [Information for Current Residents](#) webpage.
- ii. **Checking In/Out of assigned living spaces**
 - 1. **Residence Hall Arrival:** Upon occupancy of a room/suite, residents will be required to review and sign a room condition report that has been completed by a Residence Life staff.
 - a. **Suite Condition Reports:** Each resident must complete and sign a suite condition report provided by the Residence Director or Resident Assistant within 24 hours of occupying a suite. This must be completed for the original suite/room assignment or following a suite/room change. This form, when countersigned by a residence life representative, is the basis for assessment of any damage and/or loss attributable to the resident at the termination of occupancy. Failure to complete, sign, and return the form will result in the resident's assumption of responsibility for any damage evident in the bedroom or suite.
 - 2. **Residence Hall Departure:** All residents are required to vacate their rooms/suites no later than 24 hours after their last final exam unless prior arrangements are made by their Residence Director. Upon checkout of the room/suite, a Residence Life staff member will conduct a preliminary checkout. The preliminary checkout does not serve as the final

damage assessment to the room/suite. A thorough inspection will be conducted by Residence Life and Buildings and Grounds staff, where the current condition of the room/suite will be compared to the original room inspection report filled out when the resident moved in.

- a. **Damaged, Missing or Poor Condition of the Suite/Bedroom:** If items are lost, missing, damaged, or not left in good condition, charges will be incurred, and they will be deducted from the housing deposit. Damages that incur a cost greater than the housing deposit amount will be billed directly to the resident, and a hold will be placed on their account. To avoid unnecessary charges during checkout, be sure to follow all the guidelines provided by the Residence Life staff. Please refer to Appendix A for approximate replacement costs.
 - b. **Remaining Personal Belongings:** Upon leaving, the room and suite must be clean and free from all trash and personal items. Any items that are found after keys have been turned in will be discarded and a fee may be charged against the resident's housing deposit.
 - c. **Improper Checkout:** Residents who choose to leave without signing their room condition report and/or checking out of their room with a member of the residence life staff will forfeit their housing deposit and the opportunity to appeal any damage charges.
3. **Returning Issued Keys:** Residents must turn in their suite and mailbox keys to a Residence Life staff member. Residents will be assessed a fee for keys that are lost, damaged, or not returned at checkout.
- iii. **Assessment of Damages:** Residents are responsible for any loss/damage to personal property, College property, or property of the Faculty Student Association. Anyone that causes damage whether intentionally or by accident must report the incident to their Residence Director. Charges will reflect the actual cost as determined by Buildings and Grounds and the Residence Life staff.
 1. **Bedroom/Suite spaces:** The Residence Director and/or the Director of Residence Life through the FSA office will invoice residents responsible for damage or losses in their living spaces. Where two or more residents occupy a bedroom, and where determination of specific responsibility for the damages or losses cannot be determined, an assessment will be made against both equally. Failure to rectify damage charges within a specified amount of time will result in a financial hold being placed on a resident's college records.
 2. **Public/Common spaces:** An attempt will be made to identify residents responsible for damage. Any damage to common areas that cannot be attributed to individual resident(s) will be considered the joint responsibility of the residents of that suite. The repair/replacement cost will be charged to the residents by dividing the total cost equally by the number of residents in that suite. Failure to rectify damage charges within a specified amount of time will result in a financial hold being placed on a resident's college records. Damage in public areas of residence hall buildings will be assessed at the discretion of the FSA.
 3. For information regarding the estimated cost to repair or replace items, please reference Appendix A in this document.

5. Financial Obligations

a. Financial Responsibility

- i. Residence Life requires that each term, semester charges need to be paid in full prior to occupancy for all students. If a student is receiving financial aid and the award is displayed on the student bill as pending or in progress, the student may be considered paid in full at the discretion of the Office of Financial Aid and/or the Office of Business Services. Any balance remaining after financial aid has been applied must be paid prior to occupancy. Payment can be made in full by check or money order in the Business Office or through your bank account, debit or credit card, or a payment plan by viewing their student bill in Banner.
- ii. **Admissions Acceptance Policy:** General admission to JCC requires a student to successfully submit an admissions application as well as an official high school transcript or GED, and any

official college transcripts (if applicable). Upon acceptance, students are asked to fill out a New Student Intake Survey and to schedule an appointment with an advisor through the Counseling Center. Course placement is determined by the student's high school GPA and additional success indicators. Students without a GPA through the junior year of high school, or who are out of state, must take the placement test. Students can choose to take a placement test if they wish to use those results in place of the high school GPA.

1. Due to processing times of the application and the submission of proper documentation, the admissions application will close one full week prior to the first day of classes. Allowing for time between acceptance and the start of classes will allow the student to complete other important steps in the onboarding process (financial aid arrangements, submission of COR, housing arrangements, etc.). If a student would like to apply after the application is closed, it will require a conversation with an admissions staff member to gauge where the student is in the onboarding process. If the admissions staff feels the student is in a place that would allow for a successful onboarding process, the student will be instructed to apply for a different term and must notify the admissions staff once completed so the admissions staff can adjust the application to the correct term. Indicators for a successful onboarding process will include having JCC listed on the FAFSA prior to submitting an admissions application, ability to submit all necessary transcripts within two business days, GPA through junior year for placement purposes or ability to complete the placement test by the Wednesday before classes begin, and the ability to meet with an advisor by the Friday before classes begin.
- iii. **Payment Information:** The term of occupancy and financial obligation to the College is for the entire academic year; therefore, students will be financially responsible for both semesters unless the Office of Residence Life is able to re-establish occupancy. If you enrolled in the payment plan and monthly installments fail, the result will be eviction from the Residence Halls, with charges remaining in accordance to the College's refund schedule.
- iv. **Financial Aid:** Residents are required to have a FAFSA submitted prior to August 1 for the fall term and January 1 for the spring term. Residents who have completed their FAFSA will be considered eligible for housing. Final assignment will be made once payment is finalized prior to the move-in date. Those who have not completed their FAFSA by such times may be deferred to the subsequent semester. Residents whose payment for housing includes approved financial aid will be fully obligated to pay the balance of any housing fees because of financial aid that does not materialize or for which the student is deemed ineligible (because of withdrawals, drops, failure to meet academic progress, disciplinary or other reasons.)
 1. Student or Parent PLUS loans may be necessary to cover all your expenses. Your student loan acceptance form or parent PLUS loan application should be submitted no later than two weeks prior to the start of the semester so that these funds are available for your bill. Check your financial aid status in BANNER to assure you have completed all requirements to receive your anticipated aid: www.sunyjcc.edu/myjcc.
 2. If your aid is delayed, enrollment in the Nelnet payment plan will allow you to move into the residence halls while you finish the financial aid process.
 - a. Nelnet: College Payment Plan: Learn about this option at <https://mycollegepaymentplan.com/Jamestown>
 - b. Please be aware that Nelnet has many options and deadlines for reduced monthly payments. Your enrollment in the Nelnet plan:
 - c. One month prior to the bill due date requires a down payment of 10% of your account balance.
 - d. By the bill due date requires a down payment of 25% of your account balance.
 - e. Two weeks after the bill due date requires a down payment of 50% of your account balance.
 - f. Enrolling in the Nelnet plan will not reduce your eligibility to receive any financial aid for which you are applying.
 3. Any financial aid received after enrollment in the Nelnet plan will be applied to your bill and will reduce future Nelnet payments by equal amounts. If the financial aid received is

greater than the remaining installments, a refund of any excess funds will be issued to the student.

- v. **International Students:** Jamestown Community College will require that each term and semester charges need to be paid in full prior to occupancy for all students. International students who will be attending the college and choosing to live on campus should make financial arrangements prior to arriving on campus. Housing will not be available until all financial requirements are satisfied.
- vi. **Outstanding Requirements:** Students applying for housing will have their financial requirements reviewed by the Office of Business Services and the Financial Aid Office. Any student who has an outstanding requirement will have their housing application deferred until the requirements are satisfied. Further, students will be communicated with over a three-week period by text message and email with notifications and resources on how to satisfy the requirements.
- vii. **Overdue Balances:** In the event of a loss of financial aid due to ineligibility or any instance that will generate additional charges to a resident's bill, payment must be arranged immediately. For balances that remain on a bill after the start of each term, payment must be arranged within three weeks of the beginning of the term, or the resident will be dismissed from the Hillside Suites. Dismissal at this time will leave the resident responsible for 75% of their housing charges and will also result in the forfeiture of the housing security deposit.
 - 1. Any balance that a resident accrues at the end of the semester will result in the resident losing eligibility to return to the Hillside Suites and to register for classes until the balance has been paid in full.
- viii. **Outstanding Fees:** Any outstanding fees will result in a hold placed on the resident's account, preventing adjustment of class schedule, registering for classes, or obtaining a transcript. Unresolved balances may be referred to a collection agency and residents will be responsible for all associated collection fees. Any outstanding balances between semesters will prevent a resident returning early for classes or athletic reasons.
- b. **Room Rates:** *Rates are subject to change. The college reserves the right to make, at any time, any changes it deems advisable in the tuition or fees listed.*
 - i. Cost for housing is shown as a bundled price that includes room and board, showing as both per-semester and per-academic year costs.
 - 1. For a list of current pricing to reside in the Hillside Suites, please visit the [Apply for Fall/Spring Housing webpage](#).
 - ii. Bundled prices are only available until the first day of classes. Any upgrades after the first day of classes will be at retail price and need to be completed at the Faculty Student Association office, located near the Campus Store.

6. Health and Safety

- a. **Suite and Room Inspections:** FSA reserves the right to inspect rooms, suites, and contents for safety, sanitary, security, and maintenance purposes in the absence of the resident. Examples of these situations include, but are not limited to; fire, possession of chemicals, explosives, weapons, or other items that would cause serious injury.
 - iii. Designated personnel may enter a resident's room or suite to resolve disruptive noise from any electronic equipment, which may violate an individual's right to sleep or study. This includes, but is not limited to, unattended stereos, televisions, and alarm clocks. These items may be confiscated.

1. Confiscated items must be picked up by the resident within thirty (30) days of confiscation for the purpose of taking the item off-campus (Not including illegal substances or alcohol).
 2. Residents are responsible for any charges related to confiscated items, including, but not limited to, storage or transport. The Office of Residence Life staff may dispose of all confiscated items, which are not picked up and taken off campus.
- b. **Suite Cleanliness:** All residents are responsible for maintaining the cleanliness of the bedroom and suite, which they occupy. In addition, residents are responsible for cleaning up after themselves in the lounges and other common areas of the residence halls. Regularly scheduled health and safety checks will occur throughout the semester and notice will be given. Cleaning charges may apply if a member of the Residence Life staff deems the condition of the suite inappropriate.
- i. Excessive damage/unsafe or unhealthy conditions: Excessive damage or a problem that produces an unsafe/unhealthy living condition may result in judicial action including, but not limited to, residence hall probation, professional cleaning charges or the loss of residence hall privileges.
 - ii. Announced inspections will occur each semester and during semester recesses. Procedures for these inspections will be communicated in advance.
 1. Garbage: Residents are responsible for disposing of their own garbage and securing it in the provided dumpster container located outside of each residence hall.
 2. Recycling: Residents are required to practice sustainable habits by utilizing the recycling bins located within the residence halls. Residents will be billed for lost, stolen or damaged bins.
 3. Storage: Storage of motorcycles, mopeds or bicycles in the building or suite is prohibited.
 4. Pranking: Pranking is strictly prohibited in the Residence Halls. While an action may seem harmless, it could cause significant damage to areas of the suite. Pranking may be considered as bullying and damage to college property, which will be adjudicated by the Residence Life Staff or designee.
 - iii. Results of Health/Safety Inspection. If a problem is noted in the room/suite, residents will be responsible for rectifying the conditions noted by the staff. If there are multiple infractions within the academic year, residents will be subject to cleaning/damage fines and/or the Residence Life conduct process. That process is noted below, and includes but not limited to:
 1. First time offense: Residents will be given a verbal warning by a resident assistant. An RD will then follow up with a written request to rectify the condition of the living space by a specific date.
 2. Second Offense: In instances where a resident receives a second offense OR if a resident has received a first offense and upon re-inspection of the living space, if the condition has not been rectified, the resident(s) will:

 - b. Have a conduct report filed for documentation and will receive additional sanctioning by the Residence Life Conduct designee.
 3. Third Offense: Residents facing a third offense will be suspended from the Hillside Suites. Residents will want to reference Section 5 under the Residence Life On-Campus Living Procedures in the Housing Manual for more information on conduct and sanctions.
 - a. Upon suspension from the Hillside Suites, should health and safety fines, independently or in combination with other fines, exceed \$200 (the amount of the residents forfeited housing security deposit), the resident will be billed for the difference. Failure to pay the invoiced amount will result in the FSA sending the bill to collections.
- c. **Maintenance Request:** FSA reserves the right to authorize regular maintenance and/or painting by JCC personnel and/or contractors may be scheduled in rooms, suites, and common areas while facilities are occupied. When possible, advanced notice will be given. Repair work in resident suites may also be scheduled to occur during recesses. Advance notice will be given to residents, except in the case of emergency repairs. Students can submit a maintenance request online for problems that occur within

cannot be identified for a violation within a suite, the amount may be split equally among the members of the suite. Fines will be applied to a resident(s) housing deposit and any remaining balance would be invoiced to the individual(s).

2. Residents are expected to observe fire code regulations. Violators of these regulations are subject to student conduct action, payment of any damages, and fines. The fine for setting off a smoke or fire detector, sprinkler system or fire extinguisher within a building because of negligence, misuse or abuse can range from \$100 - \$1000 plus the cost of damages.
 - a. Any personal items that are in violation of the fire code will be confiscated and tagged.
 - b. The Residence Life Staff will dispose of all confiscated items that are not picked up in thirty (30) days.
 - c. All doors (including stairwell) doors leading into hallways should be kept closed.
 - d. Hallways (main and inside of the suite) must be always kept clear. Furniture and personal belongings such as trunks, boxes and drying racks may not be placed in the hallways.

 - j. In accordance with New York State fire code, the following are prohibited in the residence halls: natural trees, wreaths, paneling, wallpaper or similar coverings, open-element or liquid-fueled (kerosene, propane, gas) space heaters, and hazardous trash accumulation, combustible liquids such as gasoline, turpentine, charcoal lighter fluid, diesel fuel, liquid propane tanks or cylinders and self-starting charcoal.

Residence Life On-Campus Living Procedures

1. **Emergency Evacuation:** The fire alarm system is connected directly to Simplex and monitored 24 hours per day. In the event of an all-building alarm, the Jamestown Fire Department will be dispatched to the residence halls.
 - a) When the alarm sounds, all occupants must vacate the building using the nearest exit as quickly and safely as possible and meet in the circle outside of the Hultquist Library. In the event of inclement weather, students should meet in the Student Union in the Hamilton Collegiate Center. Please do not leave the campus until you have been accounted for.
 - b) The Jamestown Fire Department will ensure that the building has been properly evacuated.
 - c) Any resident found in the building during an alarm will be subject to student conduct sanctions and possible fines.
 - d) The Jamestown Fire Department will determine when it is appropriate to return to the building. Under no circumstances should you return to the building unless you are told to do so by the Fire Department, or a Residence Life staff member acting for the Fire Department.
 - i) Failure to Evacuate
 - (1) First offense violation: \$200 fine and residence hall probation and an educational project
 - (2) Second offense violation: \$300 fine and referral to the Office of Residence Life and possible suspension or removal from the residence halls.
 - (3) Third offense violation: \$500 fine and referral to the Vice President of Student Affairs and suspension or removal from the residence halls.
 - e) Fire Alarm Activation (Negligent and/or Intentional): including tampering with fire safety equipment

 - f) Fire Safety Tips.
 - i) Treat every alarm as an emergency and exit the building immediately using the nearest fire exit.
 - ii) Before leaving the room, touch the door to see if it is warm. If the door is warm, DO NOT open the door. If possible, put a damp towel along the bottom of the doorway. If the door is not warm, crack the door open to see if there is smoke.
 - iii) If you cannot get out of the room and your room is filled with smoke, put your head out the window to breathe. Wave a towel or other object to let firefighters know you are trapped.
 - iv) Put a damp towel over your mouth and nose to keep from inhaling smoke.
 - v) Crawl or stoop low on the floor to avoid smoke inhalation.
 - vi) If you are trapped and there is a phone nearby, call 911.
 - vii) Close doors and windows behind you to help prevent the spread of fire. Do not lock the doors.
 - viii) Do not use the elevators.
 - g) Additional fire safety information may also be found in the annual Clery-Fire report on the JCC website under [Campus Safety](#).
2. **Medical Transportation:** If you are transported to the hospital for any reason, the emergency contact you provided to the Office of Residence Life will be contacted by a member of the Residence Life staff. You will be required to follow up with Health Center the following business day. Depending on the severity or nature of the incident, follow up may be required prior to your re-admittance to the residence halls. Please refer to Part 2, Section 8 in the Constitution of the Student Body regarding Return to Campus after Emergency Medical Evaluation/Treatment located for more information.
3. **Sexual Offense Statement:** JCC's administration fully supports all local, state, and federal laws governing harassment, rape, and sexual assault and will prosecute violators to the fullest extent possible. Students violating this policy are subject to judicial procedures and sanctions, up to and including expulsion, which are outlined in the student constitution. Employees violating this policy shall be subject to disciplinary actions as defined in their respective labor contracts or human resource policies.
 - a) JCC is committed to providing prompt and compassionate support services to any victims of such assaults. If you or anyone you know has been a victim of a sexual offense on a JCC campus, you are urged to report the incident to JCC authorities as well as the police. If you are a victim of a sexual assault, you have the right to make a report to campus safety, local law enforcement, and/or state police or choose not to report; to report the incident to your

institution; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from your institution.

- i) Access to support services, including free and confidential counseling, are available through the JCC Health Center and community agencies.
 - b) For additional information and a list of campus and other community support resources concerning sexual offenses, contact the coordinator of Campus Safety and Security/Title IX Coordinator or visit: [Title IX Sexual Violence](#).
4. **Title IX Statement:** Title IX of the Education Amendment prohibits discrimination in the provision of services or benefits offered by Jamestown Community College based upon gender. Sexual discrimination includes sexual harassment, sexual assault, and sexual violence.
- a) As defined by the Equal Employment Opportunity Commission, and the Office of Civil Rights Department of Education, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.
 - b) The following are examples of types of conduct that may constitute sexual harassment:
 - i) Inappropriate touching, patting, or pinching
 - ii) Physical assault or coerced sexual activity
 - iii) Demands or subtle pressure for sexual favors
 - iv) Obscene phone calls, email, or gestures
 - c) Any person (student, faculty, or staff) who believes that discriminatory practices have been engaged in based upon gender may discuss their concerns and file informal or formal complaints of possible Title IX violations with JCC's Title IX coordinator.
5. **Residence Life Conduct:** The purpose of the conduct process is to promote and maintain a healthy community where shared values, expectations and behavioral standards are set by the residence hall community. Residential Life staff members who work with the conduct process have a major role in educating residents regarding what is expected of them as members of a civil and responsible community and to make wise choices. The Residence Life staff will investigate all incidents within the purview of the Residence Life Program. Every student alleged to be involved in misconduct will be afforded due process. Pending action on the charges, the status of a student should not be altered, or their right to be present on the campus and to attend classes suspended, except for reasons relating to the safety and well-being of students, faculty, or other members of the college community or college property as determined by the appropriate college administrator. All residence life violations and sanctions will remain part of a student's conduct record.
- a) **Notification of Incident.** When a residence life staff member is notified of a possible violation(s) of the On-Campus Living Policies, or the Student Code of Conduct, as outlined by the Constitution of the Student Body, an incident report will be created and forwarded to the Director of Residence Life, or designee. The Director of Residence Life, or designee, will either: 1. Refer the matter to the Vice President of Student Affairs, or designee; 2. Conduct an Administrative Investigation pursuant to section J; or 3. Assign an appropriate Conduct Officer. The Conduct Officer shall include but not be limited to the following members of the College community: Residence Director(s), Residential Conduct Council, and/or the Student Conduct and Judicial Officer.
 - b) **Conduct Meeting.** Students will be notified within five (5) class days of receipt of an incident report via college email about a meeting that will commence with a residence life conduct designee. At this meeting, the alleged violation(s) will be presented to the accused student and the accused student will be afforded the opportunity to share their side of the story.
 - i) The accused student is required to be present at this meeting. If the accused student fails to attend the scheduled meeting, the Conduct Officer will then investigate to determine why the student did not attend the meeting. If the Conduct Officer determines that the absence is inexcusable, the student will forfeit the ability to present information about the incident on their behalf and the Conduct Officer will review the information that has been presented to decide on the outcome of the incident.
 - c) **Result of Investigation.** As a result of the Conduct Officer's investigation and/or meeting with the accused student, the Conduct Officer may conclude the following:
 - i) the Conduct Officer may dismiss the allegation as unsubstantiated based on the evidence presented and the report will be filed in the student's educational record until the completion of their education at Jamestown Community College; or
 - ii) if the allegation(s) has been substantiated based on the evidence presented, the Conduct Officer may:
 - iii) offer the accused student the option to resolve the matter through an Informal Resolution Process (see section D); or

- iv) If the accused student's situation involves repeated, multiple, or serious violation of the policies outlined in the On-Campus Living Policies, or Student Code of Conduct, Residence Life may convene a Formal Residential Conduct Committee Hearing (see section E) or an Administrative Hearing (see section J) at the discretion of the Director of Residence Life, or designee.
- d) Informal Resolution Process. The informal resolution process provides accused students with the ability to resolve conduct violation(s) with the Conduct Officer outside of a formal hearing when the terms of the resolution are mutually agreed upon. Through the process:
 - i) The Conduct Officer may conclude that, based on the evidence presented, the accused student violated the policy/policies outlined in the above-mentioned documents and offer corresponding sanctions during a second conduct meeting. The accused student may choose to accept the Informal Resolution by 1) not disputing the alleged violation(s), 2) waiving the right to a Residential Conduct Committee Review Board or Administrative Hearing, and 3) accepting the sanction(s) outlined. Decisions reached through this process are final and the right to appeal is waived based upon the accused student's acceptance of the resolutions. The Conduct Officer will send a Notice of Violation to the student through the College email account stating they have been found in violation of policy/policies. This email may also articulate secondary sanctions that could include anything from the list of defined sanctions in section M. This will remain as part of the student's educational record for a period of seven (7) years after a student leaves Jamestown Community College.
 - ii) The accused student may choose not to accept the terms of the Informal Resolution. In such situations, the accused student chooses to have responsibility for the violation(s) determined and, if indicated, appropriate sanctions assigned in a Formal Hearing conducted by the Residential Conduct Committee (see section F).
- e) Formal Residential Conduct Committee Hearings. An email will be sent through the College g-mail that shall constitute full and adequate notice of the location of the hearing, outline of the charges and type of hearing as outlined below no later than three (3) days prior to the hearing. Residential Conduct Committee Hearings may be convened in any of the following circumstances:
 - i) When an accused student does not accept the Informal Resolution as described in section D.
 - ii) When an accused student fails to comply with the requests made within the Informal Resolution Process (i.e., failure to attend conduct meetings, incomplete sanctions, etc.); or
 - iii) When an accused student has repeatedly violated the On-Campus Living Policies or Code of Conduct, as outlined by the Constitution of the Student Body.
- f) The College will maintain a record (a tape recording) of the hearing. Thereafter, the record will remain the property of the college. In the event of an appeal, the accused and/or accuser will have access to the record.
- g) If the accused or accuser fails to attend the scheduled hearing, the hearing will be held in their absence. The accused will be assumed to have entered a claim of Not in Violation to each allegation but forfeited their ability to present information on their behalf. The Chairperson and RCC shall then investigate to determine why the student did not attend the hearing. If the Chairperson and RCC determine that the absence is inexcusable, the decision of the hearing shall stand. Otherwise, the Chairperson and RCC may grant a new hearing.
 - i) Following the Hearing. As a result of this hearing the RCC will decide the case and set an appropriate consequence and the Chairperson will notify the accused and accuser of the RCC decision in writing within five class days of the hearing. As a result of this finding the student may:
 - (1) Accept the decision of the RCC.
 - (2) Appeal the decision of the RCC, to the Director of Residence Life, or designee, within five (5) class days. The Director of Residence Life, or designee, will decide the appeal within ten (10) class days after the appeal is filed.
 - (3) If the RCC exonerates the student, the accuser will have no further recourse. The accuser may appeal only the sanction imposed.
 - (4) All appeals shall be made in writing to the Director of Residence Life or designee, in accordance with the procedure as outlined by the Constitution of the Student Body, within five (5) class days of the decision of the RCC.
 - (5) This procedure in no way limits the student's right to appeal to the civil courts.
- h) Administrative Hearing. Administrative investigations may be convened in lieu of the informal resolution process in section D, or in lieu of the formal RCC hearing process in section E, by the Director of Residence Life or designee in their sole discretion which may be due to (but not limited to) the following circumstances:
 - i) When an accused student has repeatedly violated the On-Campus Living Policies or Code of Conduct, as outlined by the Constitution of the Student Body.

- ii) When the accused student has allegedly committed an extremely serious violation of the On-Campus Living Policies or Code of Conduct, as outlined by the Constitution of the Student Body where the safety of residents, the residence halls or College community is threatened; or
- iii) When the RCC is unavailable (i.e., during the annual RCC selection process and training period, final exam periods, summer, etc.)
- i) Administrative Hearing Procedure
 - i) The Director of Residence Life, or designee, shall review the incident(s) and conduct an investigation.
 - ii) During the investigation, the Director of Residence Life, or designee shall interview all principals and witnesses and maintain a written or recorded transcript of what transpired, to be documented in the Maxient judicial system.
- j) Following the Investigation. As a result of this investigation the Director of Residence Life, or designee, will decide the case and set an appropriate consequence and will notify the accused and accuser of the decision in writing within five (5) class days of the conclusion of their investigation. As a result of this finding the student may:
 - i) Accept the decision of the Director of Residence Life, or designee.
 - ii) Appeal the decision of the Director of Residence Life, or designee, to the Vice President of Student Affairs, or designee within five (5) class days, according to the policy outlined in the Constitution of the Student Body. The Vice President of Student Affairs, or designee, will decide the appeal within ten (10) class days after the appeal is filed.
 - iii) Whenever, in the judgment of the Director of Residence Life, clear danger exists to the individual or to the institution, immediate suspension from the Residence Life program may be imposed. If suspended in this way, the individual shall be entitled to an interview with the Director of Residence Life to discuss the basis for the decision. After further review of the case, the Director of Residence Life may take other appropriate action.
 - iv) If the Director of Residence Life exonerates the student, the accuser will have no further recourse. The accuser may appeal only the sanction imposed.
 - v) This procedure in no way limits the student's right to appeal to the civil courts.
- k) Sanctions. When it is determined that a student is responsible for violation(s) of the On-Campus Living Policy, or the Student Code of Conduct, as outlined by the Constitution of the Student Body, the following sanctions may be imposed singly or in combination. The sanction(s) imposed will be commensurate with the offending conduct and may consider the student's educational record and any previous conduct record. (The consequences are not listed in order of severity.)
 - i) Warning. A written statement that repetition of wrongful conduct would be followed by more severe student conduct action. Such a written statement shall become a part of the College's student conduct file and the resident's educational record.
 - ii) Restitution. In all student conduct violations involving theft and/or damage to residence hall property, restitution may be required. The form and/or amount of this restitution are to be determined by the Director of Residence Life, or designee.
 - iii) Fine. The amount of the fine is to be determined by the conduct officer hearing the case in accordance with the fire safety, smoking, alcohol and substance, vandalism policy and other policies deemed necessary.
 - iv) Community Service. Community Service is a student conduct sanction that requires a student to perform unpaid work of benefit to the College community. Community Service provides an opportunity for the student to contribute positively to their community. The tasks support and supplement services existing on campus.
 - v) Educational Sanctions. This can be a requirement to include a writing assignment(s) or attending a class or workshop.
 - (1) Educational Project. An educational project designed to assist the student in better understanding the overall impact of their conduct decision may be imposed. Such assigned projects may include, but are not limited to, a Hillside Times article, the creation of educational materials, or the planning and/or presentation of educational programs related to the policy infraction. Assigned projects may not include physical labor unless they are directly related to the violation(s) and are not designed to cause humiliation or degradation to the student.
 - vi) Privilege Revocation. Any privilege offered to the student by virtue of being a resident in housing may be suspended or revoked, such as hosting guests/visitors or borrowing hall equipment.
 - vii) Notification of Parents. In some situations, parents or guardians may be contacted.

- viii) Behavioral Contract. Signed behavioral contract, written agreement, or document that sets specific standards to be met or actions required to continue as a resident in the Residence Halls because of a violation of any College regulation or residence hall policy.
 - ix) Room Change. Reassignment to a new room, suite, or hall.
 - x) Referral. A student may be referred to the Office of Housing & Residence Life, the Office of the Vice President for Students or to any college or other service deemed necessary for the assistance of the student.
 - xi) Residence Hall Probation. An official action informing the student that the violation of any College regulation or residence hall policy during the probationary period may result in residence hall suspension or residence hall removal. During this specified period, residence hall privileges may be revoked, such as hosting guests/visitors or borrowing hall equipment. Such a written statement shall become a part of the College's student conduct file and the resident's educational record.
 - xii) Residence Hall Relocation. An official action moving a student from one room to another within the residence halls. Students relocated to another room may be restricted from entering a specified room, suite, floor, or building. Such written statements shall become a part of the College's student conduct file and the student's educational record.
 - xiii) Persona Non Grata (PNG): A designation which prohibits the recipient from using or entering the campus and/or its facilities.
 - xiv) Residence Hall Suspension or Expulsion. This is an official action taken by the Director of Residence Life or their designee, informing the student that the severity or recurrence of the violation(s) of any College regulation or On Campus Living Policy has resulted in immediate residence hall suspension or residence hall removal. Such a written statement shall become a part of the College's student conduct file and the student's educational record. All students dismissed from the Residence Life program will forfeit their security deposits and be responsible for their full housing charges and college fees.
 - (1) Residence Hall Suspension: Students who are suspended from the Hillside Suites will have an opportunity to appeal for residence in the Hillside Suites. This appeal request may be done so after the specified time as stated in the sanction hearing or after the conclusion of the current academic year.
 - (2) Residence Hall Expulsion: Students who are expelled from the Hillside Suites will not have the option to appeal for residence and/or appeal their persona non grata status.
 - xv) Emergency Removal: This is an official action taken by the Director of Residence Life or their designee. IF a student is deemed to be a potential threat to the Hillside Suites or College community, a temporary suspension may be issued, requiring the student to immediately vacate the Hillside Suites and remain out of the building until which point a disciplinary hearing can be held and a final determination regarding suspense, expulsions, and/or additional sanctions is made.
6. **Bedbug procedure:** The Residential Life and Buildings and Grounds staff are committed to an effective and efficient response to students who suspect they may have bedbugs. For the safety and comfort of all students living in the residence halls, our staff will adhere to the following guidelines:
- i) As soon as a student suspects that they may have bed bugs, they should contact their Residence Director immediately. If another administrator or office learns of a potential bedbug problem, his or her first call should be to the Residence Life Office.
 - ii) Residence Life will notify Buildings and Grounds as soon as possible so that the College's exterminator can be dispatched to the location to perform a thorough inspection of the room/suite. Please note that should a student notify Residence Life staff on a weekend or holiday, the Buildings and Grounds staff will be contacted on the next workday. It is recommended that students contact the Residence Life Staff as early as possible on a regular business day. The exterminator cannot be dispatched on weekends or holidays.
 - iii) Students who report suspected bedbugs on a workday when the exterminator can be dispatched within 24 hours will not be granted an immediate temporary room change, nor will they be issued a new mattress until the exterminator has completed the inspection and submitted their findings. This is crucial so that we can prevent the spread of bedbugs if they are found to be in the student's room and belongings.
 - iv) Students, at any time, may not deny the College's exterminator or Buildings and Grounds Staff access to their living space (including their bedroom, suite common space, kitchen, bathroom, etc.)
 - v) It is important for the student to realize that although bedbugs are a nuisance, they do not pose health concerns. Students will not be eligible for a discounted room rate if their suite/bedroom becomes infested with bedbugs. Residence Life will take every measure necessary to rid the room/suite of the bedbugs.
- b) What should I do if I suspect I have bedbugs?
- i) Tell Someone Immediately! Notify a member of the Residence Life staff immediately.

- ii) Start Preparing Your Space. Be prepared to follow written instructions provided in section E to prevent the further spread of bedbugs.
- c) What I should NOT do if I believe I have bedbugs.
 - i) Please do not be embarrassed. This problem is happening all over the United States. The sooner you notify the Residence Life staff, the easier it will be to treat.
 - ii) Please do not panic. Although bedbugs can be annoying, they can be battled safely and successfully if you follow all guidelines given to you contained in this document.
 - iii) Please do not apply pesticides on your own. The College hires a licensed pest control operator to confirm the infestation and to develop an integrated pest management plan.
 - iv) Please do not move your mattress or any furniture out into the hallway. Infested furniture can be cleaned and treated. Placing infested furniture (particularly mattresses) into common areas or on the street may simply help spread bedbugs to the rooms and suites of other students.
 - v) Please do not go sleep in a friend's room or in places off-campus, unless you have followed the instructions in section E to prevent them from spreading to other suites.
- d) Exterminator Findings.
 - i) If the exterminator finds that there are no bedbugs present in the student's room or suite, then no further action will be taken. The student will be asked to continue monitoring their living space, and to notify Residence Life Staff immediately if there are further problems.
 - ii) If the exterminator concludes that bedbugs are present in the room or suite, the Residence Life Office will provide the affected student(s) with a detailed list of instructions for the removal and laundering of their personal items. The Office of Residence life provides free laundry service in the halls, and therefore will not cover the cost of anything a student wishes to have dry cleaned or laundered for them by an outside vendor.
 - iii) Only the College's exterminator can confirm or deny the presence of bedbugs, not student health services or any outside person.
- e) Steps To Take Before Treatment of the Infected Area. Students must take the following steps once bedbugs are confirmed in their living space to prevent the further spread of infestation.
 - i) Once bedbugs have been confirmed in the living space, all students in that bedroom/ suite will be expected to comply with all of the following instructions within 24 hours:
 - ii) All cloth items must be bagged and sealed (tied up) in a clean plastic garbage bag that will be supplied by the Residence Life Staff. Those cloth items, including all bedding, pillows, and clothes, that are sealed in the plastic garbage bag must be taken to the laundry room to be washed and dried.
 - iii) When the student removes the laundry from the clean plastic garbage bag, the empty bag must be tied off and thrown away. Upon retrieving your clothes from the laundry, they must be placed in a new clean plastic garbage bag and tied off before it can return to the suite. The bags should remain tied for the duration of the treatment, and any laundry completed after this initial cleaning should follow this process.
 - iv) The treatment for bedbugs is a spray, which is done in three treatments, spanning one treatment a week, for three weeks. Before the treatment can take place, all bedding must be removed from the beds and placed in plastic bags as noted above. The exterminator will apply the treatment to the entire suite, in all bedrooms and common areas. The treatment takes about an hour and then the students may not enter their suite until four hours after the treatment has been completed to allow for drying time. The suite is then safe to return to and reside in.
 - v) After the treatment is completed, students may launder their bedding, return it their bed after each treatment, and reside in their room/suite. Clothes must stay bagged, and the cleaning process must follow the instructions above for the full three-week period to ensure that the bedbugs are contained and eliminate further spread of the infestation. Once the third treatment has been completed, and the Office of Residence Life receives word that the suite is rid of bedbugs, students may return their clothes to their dressers and closets.
 - vi) If a student vacuums at any time during the bedbug process, the contents of the vacuum will need to be bagged and sealed and taken immediately to the dumpster area.
 - vii) General Bedbug FAQ's. For more information about bedbugs, please refer to [Pest World Bed Bug FAQ](#).
