Before Choosing an Online Course
- You must have a reliable internet connection, computer access, and a valid email address. High speed access is highly preferred, but it is not required. Mobile devices are not recommended as the primary means to take an online course.
- Online courses rely heavily on reading, writing, and engaging in online discussions.

How Does Online Learning Work?
Courses follow a regular semester schedule with assignments due each week. Courses have specific starting and ending dates which must be followed. JCC recommends that you log in and participate 3-4 times a week to complete assignments and activities, as well as interact with your professor and classmates. During the week, you log in on days and times convenient to you. You participate in the course by reading the required textbooks and online material, asking questions, posting discussion responses, submitting assignments, or taking quizzes as required by each professor. Textbooks are required and can be purchased from the college bookstore (1.800.388.8557, ext. 1186). Your professor posts information that explains requirements, expectations, the course schedule, and how you are evaluated.

Online Courses
Online courses are offered on JCC’s learning management system.
1. Access your courses by selecting Blackboard on the My JCC link at www.sunyjcc.edu or through JCC’s student portal.
2. Click on the Courses icon.
3. Follow the login directions.
4. Complete the Student Orientation found under the Home tab; then click on the Orientation tab.
5. On the Home tab, select your course from the My Courses module.

Your online course is available one week prior to scheduled start date. Login at that time and verify your ability to access the course.
If you cannot find your course online or have problems logging in, immediately contact the JCC Help Desk at helpdesk@mail.sunyjcc.edu or 1.800.388.8557, ext. 1122. It is your responsibility to start class on time.
