

Fine Arts: Music

curriculum code: 0682 | HEGIS code: 5610

minimum credit hours required: 63

This degree program prepares students for transfer to a four-year baccalaureate degree in music or a music-related field. It includes a strong core component of mathematics/science, social sciences, and humanities. The program also serves the student interested in an associate's degree as a terminal degree before pursuing employment in music or a music-related career. Students from other areas of study such as communication, multimedia, theatre, education, arts management, sound recording, audio engineering, and therapy find JCC's course offerings useful. Full- and part-time students are welcome to participate in music courses and ensembles. **Program completion will require students to attend some classes on the Jamestown Campus.**
