

DUAL ADMISSION AGREEMENT IN SOCIAL WORK (BA/MSW) BETWEEN JAMESTOWN COMMUNITY COLLEGE AND DAEMEN COLLEGE

This Dual Admission Agreement (Agreement) establishes guaranteed admission for students who wish to transfer from Jamestown Community College (JCC) to the Bachelor of Arts (BA) Social Work/Master of Social Work (MSW) degree programs at Daemen College (Daemen). Students selected by JCC for admission under the terms of the Agreement will, upon completion of an Associate in Science (AS) Human Services degree or an Associate in Applied Science (AAS) Human Services degree from JCC, continue their studies at Daemen as BA Social Work/MSW majors with the assurance that they can complete all requirements for the BA Social Work and MSW degrees at Daemen in four calendar years of study. Five positions in this dual admission program will be available for JCC students each year provided they meet all requisites and standards stated in the Student Selection criteria below. In the event that more than five students apply in any given year, Daemen may, at its discretion, make available more than five positions. Upon completion of the BA Social Work degree, students who meet academic standards specified in the Agreement concerning quality point average/grade requirements and course repetitions will be accepted into the MSW degree program.

Student Selection

JCC will be responsible for the selection of students to be admitted under the terms of the Agreement. In general, applicants will be expected to present strong records of academic achievement in high school or equivalent indicators, including four years of English, at least three years of mathematics, and at least two years of studies in science. For applicants who have taken less than twelve college credit hours, an overall minimum unweighted cumulative average of 88 percent for all high school courses is expected. For applicants who have taken twelve or more college credit hours, a minimum overall cumulative quality point average (QPA) of 2.8 for all college courses is expected. Students must apply for acceptance under the terms of the Agreement prior to completing 30 credit hours of the coursework listed in the Appendix. No more than eight of the credit hours listed in the Appendix can be transferred from another college to JCC. Any courses completed prior to application will be verified by Daemen as appropriate for the BA Social Work/MSW program.

Academic Standards

While at JCC, students accepted under the terms of the Agreement will be expected to meet and adhere to the same academic standards required of native students who begin their coursework at Daemen. Those requirements are listed below.

Quality Point Average/Grade Requirements

1. An overall QPA of 2.8 or better.
2. A minimum grade of C and a minimum overall quality point average of 2.8 in the courses listed below:

BIO 1500 Human Biology
 HUS 1210 Introduction to Human Services
 HUS 1410 Generalist Practice Skills
 HUS 2210 Field Placement I – Social Work
 MAT 1540 Elementary Statistics
 PSY 1510 General Psychology
 SOC 1510 Introduction to Sociology

Course Repetitions

Any required course listed in 2. above and taken at JCC may be repeated once. Students will be allowed to repeat no more than two of these courses at JCC. When repeating these courses a grade of C or better must be achieved. Repeats of courses at JCC will be counted toward the total number of repeats allowed to native students who begin their coursework at Daemen.

Dual Admission Procedure

Students who anticipate enrolling at Daemen College under the terms of the Agreement must see that the JCC Admissions Office files a completed Dual Admission Program Form with the Office of Admissions at Daemen prior to the student completing 30 credit hours of the coursework listed in the Appendix.

Transfer of Courses

Daemen will accept up to 84 credits, as indicated in the Appendix, in transfer from JCC toward meeting requirements for the BA Social Work degree.

APPENDIX
Transfer Articulation/ Dual Admission Agreement between
Jamestown Community College and Daemen College
